Complete Cat Care: What Every Cat Owner Needs To Know

Synopsis

iv>Bruce Fogle, an internationally renowned veterinarian, begins by explaining the character traits, health issues, and life expectancy of a wide range of breeds - from show-class Persians to indeterminate mutts. Q & A's, facts and figures, and over 250 wonderful photographs make this an invaluable volume for every cat lover, every cat owner, and anyone contemplating getting a cat.

Customer Reviews

Dr. Bruce Fogle, DVM, set up Europe's first emergency and critical care pet hospital. The author of over 20 books on pet care, he is the world's bestselling practicing vet.

This book is a very handy beginner's guide to cats and their care. I found the section about basic training to be particularly helpful, too often people assume cats can't be trained and it's not true! Everyone should know the foundations of their pet's behaviors and needs. This book definitely delivers.

Wonderful book...it's a gift but I loved it so much I wish I could keep it! It's in great shape and was shipped quickly. Thank you!

I have not read the book myself because I sent it to my home address meaning that I am out of state at the time, but my grandmother remains there. Once the package was delivered home I told her to go ahead and read it. I am surprised at how much she has learned from reading that book. Lol!!! She knows very specific detailed information about cats for an example reasons why cats

become more energetic when the lights are turned out during bedtime in their owner's room.

I received the Cat Care book in a very timely manner. It is very informative and enlightening. Would buy from seller again.
