Customer Reviews

My mother has to eat fish twice a week so I am always looking for good recipes that are easy to

prepare and good for you too. This cookbook has some really super delicious recipes for cooking fish. My thanks to Mr Gordon Rock.

Wonderful cookbook! I had a challenge with one of the recipes where the taste just wasn't right. It was my first time trying it out so I tweaked it according to my culinary experience (added some rosemary, garlic, and a touch of extra virgin olive oil) and this is now one of my top 5 meals I prepare when we guests in our home. Somehow Gordon had taken the mystery out of cooking fish, and the results of his recipes are very good. I've owned hundreds of cookbooks, many of which are no longer on my shelves. This one is a keeper.

I've been looking for a long time for a fish cookbook that had recipes that were family friendly and easy to prepare with available ingredients. This book fits all those wishes. We have enjoyed the meals I've fixed from it, especially the fish tacos, and it's always with me since it's on my ipad! I would recommend this cookbook.

The cookbook contains some creative twists to traditional cooking methods for fish, a food rich in Omega-3 oils and extremely healthy. This is a book I will go back to again and again. Well-done.

Another good DIY book for my library!
