Study Guide For Foundations And Adult Health Nursing, 7e

Synopsis

Get more out of your textbook with this helpful study tool! Corresponding to the chapters in Cooper and Gosnell's Foundations and Adult Health Nursing, 7th Edition, this study guide helps you learn, understand, and apply the concepts of LPN/LVN nursing. Hundreds of labeling, matching, and fill-in-the-blank questions are included, each with textbook page references. It also includes critical thinking questions based on clinical scenarios, and multiple-choice and alternate-format questions to help you review for the NCLEX-PN® examination. Learning activities help you meet content objectives, and include crossword puzzles, labeling, matching, completion, identification, NCLEX® exam-style multiple-choice review questions, and critical thinking questions. Page references are included for all activities except for the critical thinking questions, to facilitate your review. A complete answer key for the study guide is provided in the student resources on Evolve. NEW! An increased emphasis on NCLEX® review prepares you more effectively for the NCLEX-PN® examination, with more NCLEX-style alternate-format type questions and more critical thinking activities.

Customer Reviews

I don't mind this study guide so much but do feel that the questions in this book and on the online support program (Evolve) could be a little bit more like the questions in the test bank. There seems to be a discrepancy there somewhere and it is becoming increasingly frustrating.

great

It is great!

Glad I was able to rent a book for cheap

Looks brand new as stated. And they also answered my questions in the same day.

Excellent. Always on time. It was a pleasure.

Purchased as required textbook for LPN program. I am not a fan of this collection of Evolve textbooks for LPN/LVN students but will say that this portion of the program material is better than that red book, Foundations of Nursing. Thanks.

this book is huge and heavy
