Five-Star Trails: Adirondacks: Your Guide To 46 Spectacular Hikes

Synopsis

The Adirondack Park is an immense wilderness encompassing more than 9,375 square miles. Within its boundaries are rugged mountains, countless pristine lakes and ponds, seemingly endless forests, and thousands of miles of wild rivers, providing an infinite number of outdoor adventures. The revised edition of *Five-Star Trails: Adirondacks*, by Tim Starmer, features six new popular trails and provides a detailed guide to some of the most stunning views found across the Adirondacks. Included are rugged and steep ascents up Snowy Mountain in the Central Adirondacks, which many consider the 47th high peak, and isolated Debar Mountain in the northern Adirondack region. Distance hikers will love the long trek into the High Peak Wilderness to see the amazing Hanging Spear Falls along the Opalescent River. Also new to this edition is the less difficult but equally scenic vistas of the Eastern Adirondacks and Lake George described along the Black Mountain trail. And delve back into the remote depths of the High Peaks region to explore some of the most unique trails with descriptions of Wright Peak, Avalanche Pass, and the second highest mountain in New York, Algonquin Mountain. Each hike features an individual trail map, elevation profile, and at-a-glance information.

Tim Starmer has always been an outdoors enthusiast; he spent most of his childhood seeking out remote and wild areas whenever possible. During a brief hiatus from Brown University during 1997, he drove across the United States for six weeks, camping the entire way. Along the journey he

explored many of the West's national and state parks, including Canyonlands, Yellowstone, Arches, and Bryce Canyon. At the trip's conclusion, Tim headed down to Australia, where he backpacked for a few months, exploring the eastern Outback, the Great Barrier Reef, and the caves of Tasmania, as well as traversing the Tasmanian World Heritage Area along the Overland Track. Tim currently works in upstate New York as a timber framer and can still be found exploring the wilds whenever possible.
