Central America Classic [Tubed] (National Geographic Reference Map)

Synopsis

National Geographic's map of Central America is as attractive as it is functional. The signature Classic style features a bright, easy to read color palette with blue oceans and the region's terrain detailed in stunning shaded relief that has been a hallmark of National Geographic wall maps for over 75 years. The map includes thousands of place names, accurate boundaries, national parks, archeological sites, and major infrastructure networks such as roads, canals, ferry routes, airports, and railroads. Coastal bathymetry, and symbolism for water features and other land forms, as well as elevations, depth curves, and soundings are shown. Coverage includes the countries of Guatemala, Belize, El Salvador, Honduras, Nicaragua, Costa Rica, and Panama. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:2,541,000 Sheet Size = 28.75" x 22.25"

Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.

The map has creases, but I won't be framing it for show so I suppose that's fine. The main problem is that the map is in Spanish with an English key. Again, this isn't a massive problem, but will cause some issues as most research sites are in the English translation.

Detailed and accurate. What more could you want. I laminated my map and put it on my coffee table for reference.

Good map (paper). Not laminated, but a little less expensive. Can easily be framed, which is what I did, to preserve its integrity. Otherwise, map can be damaged (flimsy). Overall, I feel map deserves 5 stars, because it meets its intended purpose at a reasonable price. Recommended.

This is a good overview map of Central America. It is just the right size that we could put it on the wall for ready reference for vacation and retirement planning.

Gift for teacher. She had them laminated, so consider buying the laminated ones. Came rolled, so no tears or wrinkles.

great size

Excellent quality. Lots of detail for a map covering all of Central America.

Great map
