# Hammond Historical World Atlas

## Synopsis

This newly revised edition takes a comprehensive look at the most significant periods and major events in civilization's history. Through the 118 full-color maps (arranged chronologically) and the 8-page time chart with a graphic history of mankind, students can better understand the events and cultural forces that shaped world history. It also includes detailed graphs of infant mortality rates, population, world food supplies, and gross national product to expand their knowledge. This latest edition was expanded to include 16 additional pages with an emphasis on Asian and African history.

## Book Information

Paperback: 72 pages

Publisher: Hammond World Atlas Corporation; Rev Exp edition (September 7, 2000)

Language: English

Shipping Weight: 11.5 ounces

Average Customer Review: 4.0 out of 5 stars 16 customer reviews

Best Sellers Rank: #414,132 in Books (See Top 100 in Books) #110 in [Books > Textbooks > Reference > Atlases](#) #133 in [Books > Reference > Atlases & Maps > World](#) #174 in [Books > History > Historical Study & Educational Resources > Historical Maps](#)

## Customer Reviews

Since 2000. Hammond, American Map, Langenscheidt Dictionaries, Insight travel Guides, Delorme - the famous names in the Langenscheidt family. These represent the most authoritative, up-to-date, and extensive travel and reference products available. In January 2003, the renowned Berlitz Publishing became part of the Langenscheidt Group. The Langenscheidt Publishing Group, the premier group of map and travel companies, offers over 4,000 North American and international street maps, road maps, atlases. language-learning, bilingual dictionaries, and travel-related products covering countries, cities, and languages in every continent.

The Hammond Historical World Atlas is quite a bargain! It was just revised in 2007. I purchased one as a household reference/homework help, one for a friend who is a serious history buff (he can't put it down!), and one for my son's 4th-6th grade class. Everyone is very impressed with it. One of the big pluses of this atlas over other ones is that it includes a historical timeline of civilization around

the world. You can trace what countries formed from others and the relative power of each at a given point in time. The atlas covers the spread of languages, religions, and trade at different periods as well as the historical maps. You can't go wrong with this atlas.

This book would make an ideal reference book if you want to look at a particular historical period at a glance and need a better idea of the national and imperial borders. This book however does not contain any historical analysis and assumes the user will do their own research or know the history that corresponds to the maps. I have seen better atlases of this kind but it is sufficient for reference. A good book to buy is The Times History of Europe Atlas if you are interested in Europe specifically. The ISBN for that book is 0-00-713161-5.

Nice illustrations! Very detailed.

It was what I was looking for as an aid to reading the Decline and Fall of the Roman Empire.

Needed for a history class. Nothing else to say, but it helped greatly. The detail on the pages is great. will help out tremendously.

Great for visually overviewing human events and seeing occupancy groups of planet earth in meaningful time slices. I recommend it.

A great value. I had another historical atlas, but the print was too small. Very helpful and contains a lot of information for the price. Useful for cable TV fans who watch a lot of historical dramas or documentaries.

I chose this rating because the front cover had a fold in it, which makes it awkward to open the atlas. Instead of opening normally, the cover folds in on itself and doesn't provide a stiff cover.
