Bochsa Revisited: 40 Easy Etudes, Op. 318, Volume 1 For Pedal Harp

Synopsis

Bochsas 40 Easy Etudes have been the backbone of harp technique since they were written nearly 200 years ago. Editor Carl Swanson has combined these wonderful etudes with variations, pedal changes and technical tips in what is sure to be a fundamental resource for any beginning to intermediate player to develop and perfect harp technique.

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #2,023,548 in Books (See Top 100 in Books) #105 in Books > Arts & Photography > Music > Songbooks > Strings > Harps

Customer Reviews

This book is wonderful. It is actually spiral bound, so it stays open easily. Also, each etude is printed on two pages instead of one, making them much easier to read. Pedal changes are included, in letters large enough to read from across the room! No other edition of these Etudes have the pedal changes written in. There is a companion Etude Variation with each of the original etudes that expand on the technical material of the original. One of the limitations of the original etudes is that they are very right hand oriented. For those, the Etude Variation puts all of the technical material in the left hand. For others, the Etude Variation uses much more of the instrument than the original. There is also 12 pages of text at the beginning that talks about the best ways to practice, pitfalls to avoid, and a description of the technical points of each etude and variation. This is the BEST edition of these great etudes out there. Terrific and fun way to learn technique.

A true must for technique. Great to read compared to the original! Thank you, Carl
