Taking Turns: The Turning Series, Book 1

Synopsis

I've never been afraid of the dark...but that doesn't mean I wanted to live in it. And maybe everyone wants what they can't have, but I should've thought it over before I accepted the key and unlocked the door to their forbidden world. Number One is mostly silent. He watches me with them very carefully. His gaze never wanders. His interest never wanes. Number Two is mostly gentle. But it's the other side of him I like best. The wild side. Number Three is mostly reserved. He refuses to cross the line. Even when I beg. It was carnal, it was sensual, and it was erotic. That's it. That's all it was supposed to be. A trip into the dark. A peek into the forbidden. I just didn't expect to like them. Includes a special bonus note read by the author.

This story begins with Chella...taking her friends place in an arrangement that she thought she understood and knew what to expect but from the very first night, she realizes she was very wrong. There are rules, each man gets his turn and each turn has its own set of rules but the most important rule is not to get attached and to be happy. Each person has their reason for being a part of this game but this particular game will change them all forever. My review: This book...wow! First let me say this. Fans of JA Huss books know what they are getting going in so if you don't like the dark twisty world only she can create, don't go in. But for the super fans like me...friends, buckle in for this amazing ride!! Dark, twisty and steamy this book will keep you guessing all the way until the end. Smith is the bad guy you love to hate and hate to love. Quin the sweet one that is easy to love

and Bric loves to be in control. Put these three together, throw in one very willing woman and the pages are burning up from start to finish. I don't want to give the plot away, it is too good, you have to experience it for yourself but don't worry you won't be disappointed and the epilogue will have you counting the days until book two is released. My thoughts: POV: switches between all four characters throughout Quick hook or slow starter? 5 (I was hooked from the first chapter) Character development: 5 Level of Romance between characters: 5 Passion/Heat level: 5 (very steamy and not for the faint of heart.) Angst/Heartbreak: 5 (Dark and twisty remember?) Cliffhanger?: Yes, can't wait to see what happens next. Overall, this was amazing! I didn't want it to end and cannot wait to see what the author has in store for us next!

I gave this 5 stars as I couldn't put it down I consumed this book in one sitting half a day... its dirty raw dirty again and it has a love story going on on 2 different lvls thats where book 2 will take over... The characters felt real they were all complete opposites that all filled a different need if you like dark romance as in plurals menage quads voyeurism and some angst then this is for you... I did get a bit confused with the rules at one point but I think more because I was reading so fast. At one point I had to stop and go ok so last time who was 1 2 3 etc you will know when u read it what I mean and you should definately read it... This is the 1st book I read by this author and I have already pre ordered book 2 and just bought 2 other J A Huss books..

My first JA Huss book and will definitely NOT be my last! God, can this woman write some hot and steamy men!! I think for once I'm at a loss for words. Character Development gets like...6 stars, if that's possible. It's so easy to write three hot alpha men. But no, Bric, Quin and Smith all had their own voice in this story. And their voices were carefully weaved into this story. All three were equally dark and mysterious and puzzling. Marchella was more of an enigma and I just loved her. All the POVs were set up perfectly. I had no idea where this story was going and hate that I just assumed it was just some super hot story about 3 men and a girl ready to get it on. Heck no!!! The plot thickens and when I completed this book, till the very end... My jaw....dropped....A couple of words that come to mind when I think about Taking Turns...floored....HOT...intense...sweating...SMITH...QUIN...BRIC...MINT!!! JA Huss just earned herself 5 HOLLAS#TRISHMINTAPPROVED

The amazing JA Huss does it again. She creates an incredible world for us to get lost in. A world for us to get "just a peek" into. 3 men, 1 woman. The thoughts that swirl through our minds when we

hear that. Is it sick? Is it normal (whatever normal really is)? Or is it just what it is? A fantasy that Chella is allowed to live out. There is intrigue that keeps you glued to the book. You WANT to get to the end to learn all the secrets...yet you don't want to get to the end because then you will have more questions and the ride will be over. These men are so different from each other and each give Chella exactly what she needs, when she needs it. Falling in love is not an option for any of them. There are all too damaged in some way...or so they think. Absolutely fell in love with each character no matter how much of a bastard they were or weren't. I want them all to have their HEA but not sure it is even possible. But the ride is definitely worth taking...

I haven't read much by the author so I wasn't sure what to expect with this one. I absolutely loved it. There are four main characters, Smith, Quin and Bric, and Chelle. We get all their POVs. At first the multiple POVs confused me a little. I would be reading a chapter then have to go back to the beginning of the chapter to see who's POV it was. Once I got more into the groove of the book, I was fine with the switching POVs and really loved them. Smith, Quin and Bric are three friends that share just about everything with each other. They are all super hot but each one is different. At the Turning Point Club they share a woman. That woman is Chelle. Chelle is a very strong woman. She wasn't whinny and she really embraced life. This isn't a typical menage story. The guys have rules and days. This one is really like nothing I have ever read before. It's steamy, unpredictable, and just an overall great read.
