Wires And Nerve, Volume 2: Gone Rogue

Synopsis

The second graphic novel, and sequel to *Wires and Nerve*, Volume 1, from #1 New York Times and USA Today Bestseller Marissa Meyer! The world of the Lunar Chronicles comes alive in this thrilling continuation of *Wires and Nerve*. Iko— an audacious android and best friend to the Lunar Queen Cinder— has been tasked with hunting down Alpha Lysander Steele, the leader of a rogue band of bioengineered wolf-soldiers who threaten to undo the tenuous peace agreement between Earth and Luna. Unless Cinder can reverse the mutations that were forced on them years before, Steele and his soldiers plan to satisfy their monstrous appetites with a massacre of the innocent people of Earth. And to show he's serious, Steele is taking hostages. Cinder and Kai, Scarlet and Wolf, Cress and Thorne, and Winter and Jacin all feature in this epic new battle. But it is Iko who must face her deepest fears when she uncovers the truth about her own unusual programming. Questions of love, friendship, and mortality take Iko on an emotional journey that will satisfy and delight fans of this bestselling series.

Customer Reviews

Recent Praise for The Lunar Chronicles: #1 New York Times bestseller, Children's series list #2 Bestseller (Winter), Publishers Weekly Fiction List #3 Bestseller (Winter), USA Today Fiction List (adult and children's combined) "A mash-up of fairy tales and science fiction . . . a cross between Cinderella, The Terminator, and Star Wars." • Entertainment Weekly "Prince Charming among the cyborgs." • The Wall Street Journal

Heartless: #1 New York Times bestseller “In Heartless, the nonsense that is Wonderland gets a reverential makeover, full of heart and its own idiosyncratic character.”
“Gregory Maguire, author of Wicked and After Alice “The author’s best fantasy yet. . . Meyer has woven all the elements of darkness and light, fate and free will, and love and hatred into an unforgettable story of the evolution of the Red Queen from a young girl who dreamed of true love and freedom to a madwoman best remembered for the phrase ‘Off with his head.’ If you only read one fractured fairy tale this year, make it Heartless. A must-have title.”
School Library Journal, starred review

Marissa Meyer is the New York Times and USA Today bestselling author of the Lunar Chronicles, and the stand-alone novel Heartless, also a #1 New York Times bestseller. Wires and Nerve is her first graphic novel. She lives in Tacoma with her husband and their children. Stephen Gilpin lives and works in a cave just north of Hiawatha, Kansas, with his wife, their kids, and an infestation of dogs.
