Katrina Hill "Page Flipperz - Blog" (AU) CLEAN VERSION: YA-suitable for younger readers:- You asked for a clean version and I promised to publish it. The unforgettable story of CORA and ECHO from Grimnirs continues in the International bestselling RUNES series. Eighteen-year-old Cora Jemison knows what it’s like to date a soul reaper. There are no Friday night movies, no school dances, and no stolen kisses between classes. It totally sucks! What makes it even worse, souls pop up when she least expects it. The last one is not her fault, but it all adds up to zero quality time with her super hot, scythe-carrying boyfriend, Echo. Since Cora was etched with special runes by an evil Immortal, she understands why souls are drawn to her. She makes the best of it by helping souls find closure while Echo escorts them to the realm of the dead. Perfect partners, until a dark soul visits Cora in the dead of the night and Echo decides her soul-helping days are over. Cora can either listen to Echo or follow her instincts. To make matters worse, other reapers start stalking her, demanding she hand over the soul. Even her Valkyrie friends think she’s gone too far. But something sinister is coming their way, and the soul is the key to saving her town, her friends, and her relationship with Echo. Can she convince Echo to see things her way before it’s too late? READING ORDER: Grimnirs series, featuring Cora and Echo, is a spinoff the Runes series and is read as part of the entire series in this order: Runes (book 1) Immortals (book 2) Grimnirs (book 3-bridges book 2 and 4) Seeress (book 4) Souls (book 5) Witches: (book 6)

Customer Reviews

I love reading from Cora's point of view! She is very different from Raine. And I love bad boys! Wish I could meet Echo! Lol I hope this series isn't over yet! We have to see both girls finish high school and marry their men, as well as see how their powers turn out! I just know that Cora will have something very special and rare that will amaze everyone! But you still have some big editing issues! Towards the end of the book half a sentence is missing! Lol and lots of spelling and grammar errors. I hope you can find a good editor. Some authors use groups of fans to help before the book is published, you should look into doing that. And cleaning up your current books as well. Poor editing is distracting. But I love your stories!!!! So keep them going!!!

I enjoyed the detour from Raine and Torin's lives into the world of Cora and Echo in Grimmirs, and Ednah Walters does not fail to continue their story in a wonderful way. In Souls, our freshly-runed Cora is learning to embrace her new ability to interact with Souls. Looking at the bright side, she decides she can use it to help souls find closure after they've passed, but to do so, she has to let them possess her which has her boy's protective side on high alert. Thankfully he knows she'll do what she wants anyway and he simply reaps the souls when she's done. His one rule though: no dark souls. So when the dark soul lurking in the corners of her bedroom turns out to be strongly related to Echo's past, Cora has to decide if she'll go against his wishes to protect him. The decision means keeping secrets from her friends and the very boyfriend she's indirectly trying to help. Another fun story, with a lot of attitude and strong choices. I also enjoyed the new presence of the snarky and romantic Dev among a cast of already unique and hilarious (Andris in particular) characters. I think the grimnir tales tend to be a little more intense than the valkyrie tales in this

series, but the humor and quick pace keep it light enough to be a quick read. Although only the second in the grimnirs' books, I highly recommend you read this after Seeress, (the 3rd Runes book) to keep up with the plot and status of the characters.

Absolutely loved this book. I've read all books in this series up to book 5 and so far this one is my favorite. So well written. I'm addicted! Totally fell in love with echo Cora and dev! This book really brings them together

Ednah Walters has done it again! Souls, book #2 in the Grimnirs series takes us further into Echo and Cora's story. And, oh what a story it is! I'm not going to go into detail, because I want you to experience the same pleasure I did with Souls. Grab you copy, your coffee/tea, and prepare to get hooked into the world Ednah has designed for us.

Love

I have read every book in this series and hope more will continue to be published. I have definitely become hooked on all the stories and am anxiously awaiting further adventures. Once you start reading, you will understand that the adventures wrap you in the tale and you are fighting the bad guys alongside the Norse! Can't say enough great things about this author and her abilities to weave you into each word! Enjoy!

LOVING all of your series that take place in N.O.!!! I've been there several times so it's a great visual description in all of your books!

Talk about a party... I would have loved to attend. If you want to know what I'm talking about get this book, though if your in to this series you've already decided. Then again I'm just adding cream to an already sweet and delicious characters and stories. Yeah bad English sue me
