# Time Out Venice (Time Out Guides)

## Synopsis

Think of Venice's misty canals and images of gondolas drifting along misty canals and pigeon-feeding visitors dwarfed by the splendor of St. Mark's and its square come unavoidably to mind. If it's Venetian icons of the sort you're looking for, this magical city will never disappoint. But for a more rounded experience, the longtime residents and experts who have contributed to the sixth edition of the Time Out Venice guide will lead you down back streets and into campi and calli where few tourists tread: to hidden churches with hidden artworks; to architectural and sculptural gems in concealed courtyards; and to districts where the everyday life of Venice goes on in time-honored, washing-festooned, market-haggling fashion. And the guide will take you beyond, out across the lagoon to verdant islands and swimming beaches, as well as to the magnificent cities of Padua, Verona, Vicenza, Treviso; and countryside of the mainland Veneto region.

**Highlights:**

- Venture beyond the well-worn trail from St Mark's to the Rialto and perfect the art of getting blissfully lost in the Venetian labyrinth
- Explore art-packed churches and breathtaking museums
- Escape the menu turistico and discover Venice's authentic eateries

## Customer Reviews

Excellent well written, peppy and hip guide to Venice organized by area. Up to date opening and closing hours--something missing in some other guides. Relevant historical and cultural information. The accuracy of restaurant recommendations as to description, cost and quality is impressive. Good for either the first time visitor to Venice with "Don't Miss" sections listing the most important attractions and for the experienced traveler who may have made several trips and wants to explore the city in depth.

Useful guide to Venice. A Lot of the food in Venice is downright awful and overpriced (and if you don't like seafood, good luck), so it was good to have a guide. The descriptions of the neighborhoods were good, and the history of things we were looking at was interesting.

Very helpful guide for a short trip to Venice, with plenty of excellent info on major and minor sights. Info is organized by neighborhood, which I did not find optimal--I would rather have had everything in an alphabetical list with a cross-reference by neighborhood. I gave this 4 instead of 5 stars because restaurant info is very limited, especially for casual quick-bite kinds of places.

Great guidebook. Very comprehensive.
