Peru: The Ultimate Peru Travel Guide By A Traveler For A Traveler: The Best Travel Tips; Where To Go, What To See And Much More

Synopsis

Congratulations! You've Found The Ultimate Travel Guide To Peru. Why You Need Lost TravelersFirst, we would like to thank you for considering Lost Travelers as your guide book. Allow us to explain our beginnings and the reason we created Lost Travelers. Lost Travelers was created due to one simple problem that other guides on the market did not solve; loss of time. Considering it's the 21st century and everything is available online, why do we still purchase guidebooks? To save us time! That's right. Since the goal is to be efficient and save time, we did not understand why there are several guidebooks on the market that are of 500 to 1000 pages long. We do not believe one needs that much bluff to get an overview of the location and some remarkable suggestions. Considering many guidebooks on the market are filled with "suggestions" that were sponsored for, we have decided to take a different approach and provide our travelers with an honest opinion and decline any sort of sponsorship. This simply allows us to cut off any nonsense and create our guides the Lost Travelers style. Our mission is simple; to create an easy to follow guide book that outlines the best of activities to do in our limited time at the destination. This easily saves you your most valuable asset; your time. You no longer need to spend hours looking through a massive book or spend hours searching for information on the internet as we have completed the whole process for you. The best part is we provide you our e-guides for one-third the price of the leading brand, and our paper copy for only half the price. Customer Reviews

This book really gives you a feel for Peruvian culture before going into the specifics of how you can get there and where to stay. Plenty of pictures, and discusses plenty of attractions. It really gets you into the mood. After that, it gives you the details of potential accommodation and ways to get there. Recommended for anyone looking to get into the mood for traveling to South America.

This was a solid travel book, as I have been wanting to travel to Peru and Argentina. It was unique as it really focused on the time you would spend there in Peru and what other people thought was the best things to see. The history element was also nice. It is not as comprehensive as some of the other series though done by the major travel book firms, but for someone looking for off the grid and basic survival tips, it is solid choice. *** Åfå Å

All I can say is - I love this book! I always want to go and explore Peru. This book contains how you can go to Peru. This book also includes the best food and places from Peru. It describes the history and culture of Peru like their religion. After reading this book, I felt like I'm having a vacation there! I recommend this book for all Peru lovers. Good job!

Great book, gave me the basics of what I need to know before heading over to Peru. It was solid information so I have an idea to what to expect there. I have to a little more investigating but still a great introduction to Peru.

My first review in 15 years as an customer. Wow, what a waste of money. A "breezy" guide of a couple of highlights, no real direction on the details of how what when why or where. If you hate

reading and hate advice, this is the book for you as it has little of either.

This piece provides very vital information for every traveler, it's more of a map and guide at the same time. It provides historical knowledge to better understand the locals and effectively explore the beauty of the city without being lost.

Didn't find this helpful at all.

The Book was very informative. It covered everything that one would want to know about Peru when visiting there. I would highly recommend this book to anyone that is looking for a definitive guide to Peru.
