Customer Reviews

The music is great and the accompaniment CD is nice. The only reason I gave it a 4 star instead of 5 is because this isn't really as easy as it says. Should be for kids who are intermediate rather than easy. The songs on the CD are much to fast for the label of easy. However, take out the CD and play without and it's great for them.

My son loves this music book. It makes practicing exciting because the songs are relevant to him, and he can listen to the CD to hear what it should sound like. He is doing great with it!

Not really jazz, sent it back for refund!

My son wanted this book and he has used it quite a bit. He really likes the songs because they are familiar and not difficult to play. It's something to use for warm ups. Also the shipping was quick and the book was in great shape when it arrived.

Very familiar and easy to use

Great music book

Perfect for a beginner!!! My son loves this book, very easy for a self taught kiddo.

Having fun wi this book!
