I purchased this book for I love to listen to and read T.D. Jakes for his use of the English language is superb. I hesitated in purchasing the book for I didn't think it pertained to my life, I was wrong. I strongly believe this book will touch the heart of every woman who has ever suffered any type of hurt in her life. Nearly every chapter I read brought me to tears; at first, tears of sorrow, which quickly changed to tears of hope and refreshment. I will be reading this particular book over and over again until I have his words down in my spirit; it's just that good.

This book is fantastic for any woman who has had childhood trauma, sexual abuse, abandonment issues, mental illness and who needs to know how to heal through Christ. You use this workbook in conjunction with the book "Woman, Thou Art Loosed" and go chapter by chapter. T.D. Jakes is an anointed man of God and this book is well worth the price. It has helped me immensely.

This book was first given to me by a friend. I have now gifted it to several others. It is a keeper, one I keep going through over and over. It has helped me in dealing with so much of my past hardships and personal wounds. I believe it is one of the best written Christian books out there. I seem to keep running into other females that would benefit from this book as the author covers so many of our past issues that we have not totally dealt with. He has a knowledge and heart for women. Though it is for women a lot of it applies to men I have known. It is for those who wish to heal and be all they can be through the Lord.

One of the very key aspects of life is prospective, and it is that what "Woman thou art loosed" offers to the reader who would like to look deeper into the matter of knowing oneself better, and to know that good times and bad times happen to every human being, but it is how we deal with these situations. This book touches on, and expands on this very subject, and more.. As a man and a husband, I've found that it has enlighten the path to know the prospective of a woman, namely my wife, daughter and the female gender. A new and objective prospective will point and guide the reader on a wholesome journey of understanding. I highly recommended.

Great read!

Amazing book, Amazing Man of God!! I would advice every woman to have this book, and read it diligently. The book is so deep, that you would have to read it thrice or four times in order for you to

have a grasp of it. I got one for my mother and myself. It is just incredible so I also let my husband read it, because I believe it is not only for women, but also important for men to get that understanding of certain things concerning women. By the way, the Seller did an amazing job, the book looked brand new, and I received it just after one week. Thanks

Don't get me wrong this is a great book however this book came in horrible condition. This book was purchased for a member of our congregation and we cannot present it to her with as dirty and damaged as it is. Will not purchase from this seller again!

It was'nt in good condition. It was to me only acceptable
