Omega cannot be read as a stand alone romance. It must be read in series order.

I couldn't wait to get my hands on Omega by Jasinda Wilder. Omega is the third book in the Alpha series. This series is a combination of erotica, sensual romance, romantic suspense, and dark thrillers. Each book has changed the direction of the series and added multiple layers of intrigue and suspense while maintaining the sensual erotic relationship between Kyrie and Roth. The third book, Omega, added another layer and another sensual romance between Harris and Layla while still giving Kyrie and Roth their happily ever after. Omega is my favorite book in this series! In the previous books, Alpha and Beta, Roth and Kyrie's world went from erotic intrigue to an action packed dark thriller. Due to Roth's past dealings as an arms dealer on the black market he made some powerful enemies. When they killed Vitaly, the most powerful player, psychotic daughter; they started a war. A war

they could not win. Vitaly has more power, more men, and more resources. He has a reputation to protect. The only way to keep his throne in the underworld is to destroy Roth, Kyrie, and anyone that has any connections to them. Roth and Kyrie are on the run. It will be up to Harris to save them all. Harris is the man for the job. He is the true Alpha in this series. Every Alpha needs a mate and Kyrie's wild and crazy best friend Layla is the perfect woman to tame Nicolas Harris, Alpha extraordinaire. Harris is in for an adventure that his special ops training never prepared him for. Layla is going to capture his heart and claim his soul. She is the perfect partner to stand by his side when facing the most brutal enemy. She will kick butt, take names, and rock Harris's world at the same time. Layla is my favorite heroine that Jasinda Wilder has created. I think I have a major girl crush on this woman. She's strong, resourceful, intelligent, fun, and downright sexy. Harris is one of the sexiest heroes to grace Jasinda's pages. This strong silent man doesn't have to say more than three words before your panties are dropping. And finally, Kyrie and Roth are just as hot for each other as they have been in the previous books. They are finally going to get their happily ever after. I loved Omega. It was the perfect ending to this exceptional series! Read the Alpha series by Jasinda Wilder. _____

OMG!! Let me give a quick review of the overall series because it's imperative for the reader to understand the journey of this story. Alpha blew me away!! Jasinda really knows how to suck you right in with her writing. She leaves you anticipating what's going to happen next, gives you unpredictability and characters that you absolutely fall madly in love with, along with an original story line. Let's not forget some of the hottest sex scenes that have EVER been written!! Yes she leaves you panting, throbbing and craving for more. So for me, Alpha was all that and then some. 5 BIG FAT STARS Beta WOW!! I did not see that coming!! HOLY GOD!! This was definitely a twisted dark ride that I wasn't prepared for. At the end I was like OMG, WHAT DID I JUST READ? What an unbelievable ride!! Nothing can prepare you for Beta so buckle up. Jasinda had my heart racing the whole time and at some parts I had to stop reading because I couldn't handle seeing V - this way. This was another HUGE 5 STAR READ OMEGA!!! - The unpredictability of this story is what I loved most!! I was on an adventure of a lifetime. But talk about heart stopping moments, Omega has it!! Let me just mention that there is one of the hottest sex scenes at 5%. What a way to start off a story. Jesus V & K are just explosive and you can't get enough! Jasinda is queen, with the ability to write original sex scenes throughout without being repetitive, which is not an easy thing to do for an author. So thank you for your imagination J!! Layla & Harris are amazing and play a big part in this

story. I loved Layla's character so much. She was just so real and honest you couldn't help but want to high five her, hug her and get drunk with her. Harris melted my heart in the most unexpected way. You really got to feel who he was and more of his and Layla's backstory. I couldn't put it down. I was on the edge of my seat the whole time, I laughed, I cried and the sexual chemistry between these characters was beyond scorching. I absolutely loved this series! It's raw, adventurous, twisted, dark, funny, emotional, and sexy hot!! Thank you again for giving me something to sink my teeth into because I needed this so bad!! What an escape!

I have mixed feelings about this book in the series and I had those mixed feelings the entire time I read this book. I devoured the first two books in two days. I could not put them down. Alpha is my favorite. It was about two unlikely people finding love in each other. Beta was full of drama and action all in the name of love and protecting it. Beta ended on a bit of a cliffhanger and the author really had no plans to continue Roth and Kyrie's story. The fans convinced the author to write a third book. I could have been happy at the end of beta if the last like ten percent had been omitted. Knowing the author really had no plans to write more fueled part of my misgivings. To me it meant that she didn't feel she had enough of their story left to tell. Then from the reviews and table of contents, I discovered that only 40% of the book was from Kyrie's POV and I was really unsure about reading the book. I didn't want the two characters that I had become attached to in the first two books to just become supporting cast members for this book. It seemed unfair to me. I would have been fine with this as a book in the series, just not as the finale to Roth and Kyrie's story. My misgivings aside, the book is well written. It evoked strong emotions in me and kept my mind thinking on it. I talked about it with others. These are signs of a great book even if the feelings were not good. Personally I don't like Layla as much as Kyrie. Kayla is a spitfire and she is snarky. She did make me laugh, but I didn't want to be ONLY in her head for so much of the book. Her thoughts are too random for my taste.
