# Bilbao & Basque Region Handbook (Footprint - Handbooks)

## Synopsis

The Basque region remains unspoilt by tourism. Whether you want to discover ancient towns steeped in tradition and age-old customs, the buzzy cultural capital of Bilbao, San Sebastian's stunning beaches or just sample some of the finest seafood and cider then the Footprint Handbook to Bilbao & Basque Region will help you get off the beaten path and really get to know the place. Essentials section with practical advice on getting around. Highlights map so you know what not to miss. Comprehensive listings including where to eat, sleep and have fun. Detailed street maps for Bilbao and other important towns. Slim enough to fit in your pocket. Loaded with advice and information, this concise Footprint Handbook will help you get the most out of Bilbao without weighing you down.

Language: English

ISBN-10: 1910120464

ISBN-13: 978-1910120460

Product Dimensions: 4.6 x 0.4 x 7 inches

Shipping Weight: 5 ounces (View shipping rates and policies)

Average Customer Review: 1.0 out of 5 stars 1 customer review

Best Sellers Rank: #2,834,126 in Books (See Top 100 in Books) #47 in [Books > Travel > Europe > Spain > Basque](#) #1896 in [Books > Travel > Europe > Spain > General](#)

## Customer Reviews

Andy Symington hails from Australia and, after much time spent prowling and working in various corners of the world, he settled in Spain, where he has now lived for several years. He is enamoured of the art, architecture, wildernesses, and tapas of Andalucía, which never ceases to offer up hitherto unknown corners to explore. Andy has extensive experience as a travel writer and is the author of several Footprint guidebooks.

Virtually useless. This book is so uselessly, poorly organized and written that I can't understand how it got published. I truly don't know if the author even knows what the Basque region is. The book does not cover the entire Basque region. Which, by the way, is not very big and would not be difficult to

cover in one book. For that purpose, I highly recommend Rick Steve's book instead. After looking through this book, it's hard to figure out how it is organized. Because it isn't. There's one, small, generalized map that doesn't even cover the entire Basque Region. The map, like the content of this book, leaves out the entire French Basque region as well as the southern Basque region. This book only covers what is technically the Basque Autonomous Community of Spain, which is Araba, Bizkaia, and Gasteiz. Putting "Basque Region" on the cover of this book is very misleading. Regardless, the book is not very well organized. It has the most utterly useless edge index I've ever seen-- all the section markings are in one straight line through the entire book. There might as well be no edge index because, functionally speaking, there is none. This book is just a pile of disorganized information and a bunch of hotel and restaurant listings that the author could not possibly keep current. You're better off going with Rick Steve's book for information on sights and cultural events, etc. and using Yelp and Tripadvisor for hotel and restaurant info.
