I got this for my 6 year old daughter who found the search-a-word for K-1 too easy. This does present more of a challenge for her because the words are bigger and they can be found in more directions. She would still like something a little more challenging but overall she has been really enjoying this book. It's been a great way for her to pass the time.

Great to be able to make copies for all the word search fans. Good to have a product for kids.

My 7 yr old nephew loved this book. The quality is wonderful and the content is just right for his

learning level. There are a lot of pages, which are all of the highest quality printing.

My daughter loves these. She works on them daily.

Nice for my grandson.

My granddaughter spend a lot of time with word search she loved this book..

Granddaughter loved it!

A nice book to learn words.
