I played for Jud at West Valley HS. He was larger than life, total commitment and amazing knowledge. He used to challenge us with his "famous" set shot - if you heard him suck air through his teeth when he shot - you were toast! He even took the time to attend our 50th class reunion - class act- then and now. Thanks Jud - you taught me a lot about life

A must read for any MSU basketball fan. The Book takes you thru Jud's entire career. From his start in Washington as a High School coach, to his days at WSU/Montana, and finally to MSU. The book is an easy read and hits on almost every year he coached at MSU. It even discusses Mateen as the next great player. Though I don't agree with him on some issues (He thought Scott Skiles should have got a break on his DUI arrest and charge). The book will also give you feel for the turmoil that goes along with being a basketball coach in the Big Ten. From dealing with the Politics of the Administration on Campus, to clearing his name of any wrong doings with Parrish Hickman. The book also states why he stayed an extra two years...

The book was nicely organized with numerous chapters, which all took on a different subject and each read like a long SI feature. It starts with Jud's early years, goes through the Magic Johnson years (with some neat anecdotes) and finishes up having Jud talk about a high school star Mateen Cleaves, who MSU needed to get, which MSU did. Great book, quick read.

In this autobiographical book, Jud Heathcote discusses his career. There is an interesting look back on his pre-Michigan State days as well as his championship run. He also spends time discussing many of the great players who have played for him, including the most famous, Earvin "Magic" Johnson

My husband played highschool basketball for Jud and he knows many of the people in this book so he enjoyed reading it.

A quick read that will take you through the Jud years at MSU
