Synopsis

11 Weird & Crazy Paranormal Accounts That'll Creep You Out...Get Your FREE BONUSES When You Grab This Book!We live in a world full of mystery, every single aspect of our lives is steeped in it. Even though human civilization and our mastery of science has allowed us to spread to every corner of the physical world, much remains unexplored and unexplained. Even further less explored is a realm familiar to all in name, but unfamiliar in direct experience. This is the realm of the supernatural, or as some refer to it, the paranormal. Each year thousands of people across the globe experience that which they cannot explain. These occurrences often labelled as hauntings, possessions, or abductions are well known by the masses. Yet, many believe these phenomenon to be the ravings of people gone mad. What follows in these pages are eleven of the most bone chilling, mind twisting, and bizarre tales to have ever been documented. These tales are not for the faint of heart, nor are they for those with weak stomachs. Every passing day, tales just like these happen to thousands of people everywhere in the world. The realm of science yet has no explanation for these events. Though the small community of paranormal investigators does continue to break new ground, they too remain in the dark. Like the rest of us, waiting in the dark for something to jump out and grab us. We wait for dawn to break and give us respite from the things that go bump in the night. loved the book and read the book in one day.

This is a fun one! Max Mason Hunter really mixed it up and came up with a wide array of creepiness! Definitely worth checking out!

Once I started reading I stayed up half the night reading the whole book. Sometimes rereading pages due to hearing sounds only I could hear!!

A brilliantly written book, Very descriptive, interesting accounts of demonic possession, a bit scary at times . I loved it . Couldn't put it down .
