This book is written exactly the way my boyfriend and I like to travel. There is so much to do in Naples, this helped us prioritize our interests. If we weren't sure about an attraction, we can check this ebook for information. This travel guide is very well-written and very well-organized. The tips provided are great and will make our trip in Naples easier to plan and much more enjoyable!!

Italy has always been in my bucket list, Naples in particular. It is such a beautiful place to visit and just relax and unwind. This book has given me a lot of really good insights on the city and what to do to be able to really enjoy your vacation should you have the chance to visit. With this book as a guide you would almost feel like a local and be able to go through the in's and out's of Naples. I am most excited about tasting their local cuisine. That is always the highlight of every travel plans for me.

It is one of my greatest dreams to travel through fabulous stretch of coastline in southern Italy. In this 5-day guide to Italy's Naples and Amalfi Coast, author explains top recommendations and helpful tips to prepare you for having the best travel experience in Italy! The book starts with

preparation for journey. The book concentrates on maximum enjoyment within limited time and budget. Highly recommended for all tourists to Italy.

WOW! It really is a very wonderful place to visit. Naples and The Amalfi Coast or actually. Italy is one of the most beautiful places to go for a vacation. I've been in Italy but my dream is Naples and The Amalfi Coast. And this guide book gives me idea like great idea to plan our visit for 5 days. Nicely written for a traveler and tourist.

An informative travel guide to start your traveling in the beautiful city of Naples. The guide comes with pictures to really capture the beauty of the city and makes it more entertaining to follow than just a bunch of words. The book provides a lot of resources and helpful tips to save money on the trip to really maximize your money.

If you have some Italian culture, you will probably not need this book at all. It results obvious. But, if instead of that you are from other ethnic root, it will deliver a useful pile of info, and introduce you to de way of life of Italians.

Excellent planning guide if you plan a trip to Naples or Italy. Planning can be hard and frustrating but with a guide like this one, it can be made much easier. This book cautions the traveler to take out additional medical insurance as what you normally have may not be enough to cover expenses. They say doctors and hospitals will expect to be paid at once. Yet, they claim the cost is usually low or free. It differs with visitors though. The book has maps and guidelines, tips, and suggestions to make your travels easier and more enjoyable.

There is more than a sufficient amount of useful planning tips along with in-depth, unbiased insight to dining, accommodations and attractions which are found within the culturally rich and artistically stunning Naples and the Amalfi Coast at Italy. This guide has more text than it has photographs, but the balance of practicality is perfectly sensible for a travelers needs. They also included the best places both for travelers on budget and for ultimately luxury one. If you are also looking for nightlife, there are recommendations of where you can go from great bars, clubs, live music and great theater as well. This book are truly a fantastic resources for any traveler at any income level. I never been to any part in Italy, but this book gives me a jump start if ever I plan to visit Naples in the future...
