To Love A Warrior (Isle Of Mull Series Book 3)

Synopsis

Destinies unfold. Secrets are revealed. The Isle of Mull will be forever changed. Half Highlander, half Viking, Garik MacKinnon was not born on the Scottish Isle of Mull, but fostered there in his youth. Now, he leaves behind his home, once more bound for Mull, to join the MacKinnon warriors as they answer Robert the Bruce's call to arms. He is ready for battle, eager to fight for Scotland's freedom. What he is not prepared for is his encounter with Nellore, a shield maiden from Mull, whose allure defies all reason. Nellore has the strength and skill of a warrior but the heart of a woman. When the men are called away to war Nellore must aid those left behind to safeguard their village against attacks from the MacLeans—a feuding clan to the south. She understands her duty to her clan. She is ready to take up arms against the enemy if need be. What she is not ready for is the ache that fills her heart when war pulls Garik from her side. Desire ignites and battles are waged as both Nellore and Garik learn what it means to love a warrior. Lose yourself in this Scottish Medieval Romance.

Customer Reviews

Lily Baldwin beautifully wraps up the Isle of Mull trilogy in 'To Love A Warrior.' This third book is the

story of Nellore, the baby that Bridget found out on the moors. She wants nothing more than to go to war with the warriors of her clan and she can't wait to prove herself. She first meets her brother's friend, Garik, while wielding her bow and arrows against the McLean clan, at 12 years of age. Garik, too, considers himself a warrior and intends to fight alongside Nellore's brother Logan's side to aid Robert the Bruce. He knows within his heart that Nellore will be a fine woman when she gets older, but at 16, Garik is more concerned with fighting for Scotland's new king and is anxious to prove himself in the war. Nellore believes him to be the most beautiful man she's ever laid eyes upon. Upon Garik's return some years later he discovers what a magnificent woman Nellore has become, and is entranced with her. As their feelings toward each other deepen, they learn that Garik and Logan must return to fight for the king. With Garik away fighting and Nellore helping to protect her clan at home, they both learn what it means to be a warrior. I thoroughly enjoyed this third book in the trilogy. It was very satisfying to read more about Bridget and Ronan (Nellore's grandparents), and Brenna and Duncan (Nellore's parents), and to see how Nellore related with each one. The story took a twist when the clan needed protection from the attacking McLeans and it was interesting in the way the author used the impending attack to wrap up a mystery that was started in the first book of the trilogy. I loved the plot, loved how she worked things out, and can't wait to read more of her work!

I enjoyed this story so much. I agree with another reviewer it is best to read them in order because all the character's have reoccurring roles in the other stories. It was nice to visit the old friends I've come to love. I purchased mine as a bundle and had all 3 to read and it flows so nicely called The Isle of Mull. The h is feisty, strong women who has the skill of a warrior. She doesn't come across as a know it all, but someone who wants to protect those she loves. The relationship between our H/h was believable and loving. They are apart because of war, but as the saying goes, absence makes the heart grow fonder. The lovemaking is very mild, and there is romance that builds first. We get HEA, suspenseful ending and a great end to the series. ljb

You will love this book from the beginning to the end and you will be sad that it ended. It had compelling characters, breathe taking passion, mesmerizing, spellbinding, and riveting story. She writes so beautifully that you will catch yourself holding your breathe at times. Lily never disappoints in her stories and you won't get enough. 10 stars Debi Allen

What is not to love? The historical aspect of the war between The Bruce, King of Scotland and

Edward, King of England is great, but the lives and loves, feuds, and religious aspects behind it all is brilliant as is Lily Baldwin's writing talent! The way she intertwined all three books in the series around Shoney and Nellore was truly captivating! Strongly Recommend!!!

I listened to the audio versions of Books 1 & 2 and read book 3 from cover to cover. Be sure to read all three books, in order, to get the most out of each. This is an excellent series that I hate to see come to an end. All of the characters were written with such depth, that they became like friends. I truly hated to get to the end as I shall miss them all. All very well written and a pleasure to experience..

Book 3 of the Isle of Mull Series ends after bloody battles, professions of love and confession of necessary lies. The timing of actual events were a little off but the end of the battles were correct. Though the drama is - well - it is DRAMA. There is consistent honor. But there is a good taste of the faery or maybe it is not faery. Sometimes we do not see what we think we see. I enjoyed watching the love between Garick and Nellore being revealed. This may be the last of the series but who knows there may be more. I know I wouldn't mind another. Good read Ms. Baldwin. You never disappoint.

Love this book. Could hardly wait to finish the days chores, so I could have a couple of hours to read.

I'm all for empowering women and Nellore is no exception. She is the abandoned baby found on the moors by the famed Witch of Dervaig. Nellore is growing into a vibrant young woman, skilled in the art of bow and sword. The Bruce calls her a Shield Maiden of Scotland and that is just the beginning. She may not be able to go to war, but she's standing tall when the war is brought to her and her clan. Fantastic story!
