I am beyond furious I purchased this cd to go along with the textbook I already have. I just opened the package and there's no cd in the folder! It's just a pointless music folder without the cd; it even has an indent on where the cd usually goes. I demand that I get that cd

school book

This selection was "a must have" for the course I'm taking right now...very useful to have in addition to the written text & online access!!

Needed the book for school not the music
