Shipping Weight: 1 pounds

Average Customer Review: 3.1 out of 5 stars 5 customer reviews

Best Sellers Rank: #805,462 in Books (See Top 100 in Books) #56 in Books > History > Europe > Scandinavia > Norway #4150 in Books > Textbooks > Humanities > History > Europe #60259 in Books > Teens

Customer Reviews

I was looking for a book that could offer me a visual introduction to Norway, a country which I intend to visit quite soon. I was totally disappointed. Picture on the cover is quite misleading, not a single one of the pictures shown makes honor to this beautiful land. Some of them are just boring. The stats and info do not have any depth and can be found in any wave page at no cost. A total waste of money and time

I was surprised this didn't have more photos. The book referred you to a website for current information. This was excellent. Great maps and other information.

Small book but full of wonderful pictures, a nice start to start learning about the area. We will be taking a cruise in that area and wanted to learn prior to going.

This book contains some stunning photographs that tell a story of the country and the Norwegian people. The fast facts and other tidbits of information about the geography, the people, politics and social issues made this an easy and educational read. This book is highly recommended for those intending to visit Norway, and particularly for those with distant ties to the Scandinavian countries.

Our church partners with a nursing home to give Christmas gifts to the residents. A women requested a Norwegian Landscape Picture Book. After doing a diligent search I settled on this book. The title, Norway in Pictures, Visual Geography, and photograph on the cover led me to believe that the book was full of stunning pictures of the countryside, cities, farms, mountains, and fjords, The book has photographs on most of the pages, some of them are of the landscape, others are of people, a few on the visual arts. The photographs are good, but nothing outstanding. With a country as beautiful as Norway this book did not do it justice. The book was very disappointing and I am surmising that the lady who will be receiving this gift will be sorely disappointed as well. Sadly, there is no time to select another book; had there been time, I would have returned this one immediately.
