The National Geographic Traveler: New York

Synopsis

This title draws on over 110 years of travel expertise to offer in-depth reporting, detailed maps, informative site descriptions and features on the history and culture of New York. There are cutaway illustrations, special features providing facts on walks and drives in the area and descriptions of major cultural, architectural and historical buildings, as well as a directory containing hotels, restaurants, shops and entertainment and practical tips on opening times and telephone numbers.

Customer Reviews

The publishers of National Geographic Traveler add to the ever-growing number of travel guides with this new series; subsequent entries will include Canada, London, Paris, and Great Britain. Modeled closely on entries in DK's "Eyewitness Travel" series, each volume is filled with recommended walks and drives, detailed information on the usual tourist attractions, floor plans, color maps, and, of course, plenty of trademark National Geographic photographs. Aglossy, interesting, and colorful. New York focuses on Manhattan but briefly explores the outer boroughs, the Hudson Valley, and Long Island. France is divided into regions (e.g., the Loire Valley, Corsica). Each book ends with travel advice (when to go, what to take, getting there, getting around) and a short list of recommended hotels and restaurants. As with the DK series, these books are not inexpensive, but they pack a lot of information into a compact format ideal for taking along on a trip. If your library can afford both series, your patrons will be doubly delighted. For all travel collections.

ALinda M. Kaufmann, Massachusetts Coll. of Liberal Arts, North Adams Copyright 1999

...a series of comprehensive guides for sophisticated travellers complete with Geographic's renowned photography, reporting and maps...National Geographic takes readers on tours of the world's most alluring travel destinations, packing more than a century of travel experience into every guide, and pinpointing key sights. -- Canadian Traveller Magazine, August, 1999...glossy, dazzling guidebooks...National Geographic ...introduces its new Traveler series...As ever with National Geographic, they are some of the handsomest volumes you'll ever find on a shelf of travel books. -- The Toronto Star, June 19, 1999Fodor's and Frommer's, take notice. A formidable competitor has just entered the travel guide arena. The new "National Geographic Traveler" series comes with the winning formula of in-depth reporting and breathtaking photography that have long made National Geographic Society's monthly magazine a favorite of armchair adventurers. -- The Atlanta Journal & Constitution, June 13, 1999From the pros: National Geographic Society's travel books offer a wealth of information on locations throughout the world. -- Daily Herald, Provo, UT, April 11, 1999National Geographic's new series of travel books, "National Geographic Traveler," debuts with well-written volumes...The frequent bold headlines make it easy to find information quickly, and the many quality photographs create an enticing visual tour. -- Washington Times, June 26, 1999The National Geographic Traveler paperback guidebook series is rich with photography, maps and historical context. -- Los Angeles Times, May 2, 1999There must be some worried guidebook publishers out there. The National Geographic Traveler is producing a series of travel guides sure to push some competing titles off book counters. New York is a winner...Detailed, brightly written chapters skip through New York neighborhoods...And, as one would expect from National Geographic, the photos and maps are superb. -- Portland Oregonian, July 18, 1999

I bought this book so that I would have a resource for visiting friends. It has helped me plan numerous excursions as it lists the contact info and very often the hours and rates of most popular activities around town. The photography in this book is outstanding as well as the brief historical sections and the restaurant info. The only thing missing, in my opinion, is better information about where not to walk after dark and other pertinent details. For example, the author mentions that such and such street in the east village is so quaint and should not be missed, but I know that I would not want to be walking there after dark. The book is primarily a "pretty" guide, so if that's the type of guide you're looking for, then it's perfect.

This is an excellent book. It has everything anyone traveling to New York or even living in New York needs to know. This book contains maps of everything, including subways. It also takes you from the Villages to the Upper East and West Sides, from Lower Manhattan to Harlem and Central Park. I could never find a better book of New York if I tried. This is a must read for anyone traveling to New York, or just interested of learning about the Big Apple.

This book is great. I love the walking tours outlined. It gives you a map, tells you how far each tour would be, how long it should take you, and what to stop and see. This pictures and background info on various sites is great and the history is great. I also love the way it's broken down by neighborhood. Many wonderful maps.

PedÃfÃ- el libro usado temiendo el estado en que llegarÃfÃ- a, pero para mi sorpresa estaba totalmente nuevo, parecÃfÃ- a nunca haber sido abierto. Respecto al contenido, es maravilloso, con textos ÃfÃtiles y una muy buena fotografÃfÃ- a.
