Sent (The Missing, Book 2)

Synopsis

Jonah, Katherine, Chip, and another boy, Alex, have no preparation before they are sent back to 1483 at the Tower of London, with the promise that they can return to the present if they can repair history. They quickly discover that Chip and Alex's true identities are the 13-year-old King Edward V and his 10-year-old brother, Richard, Duke of York. But before Chip can enjoy being the king of England, they discover that they are virtually prisoners and that their uncle wants them dead. How can the kids repair time and return home when according to history, Chip and Alex were murdered?

Grade 5 • This book begins where *Found* (S & S, 2008) left off: Chip, Jonah, Katherine, and Alex are falling through time. They find themselves in 1483 in the Tower of London where the famously imprisoned princes, Edward and Richard, are fearfully awaiting their fates. As was revealed at the end of *Found*, Chip and Alex are really Edward and Richard, spirited away to our current century by time travelers in a misguided attempt to save their lives. The four fumble through attempts to figure out how to save them from their historically presumed deaths. While the children know next to nothing about the real princes, they have a firsthand chance to watch history

in the making, all the while hoping that they won't alter time too much and end up getting the princes killed anyway. Haddix ratchets up the tension here, letting it mount in moment-by-moment near misses and escapes. The kids' futuristic helper, JB, tries his best to keep them from causing too much damage to time, showing himself to be on their side. Full of interesting historical details, but muddy with the science of time travel, this is a fantastic follow-up to the first book. Haddix even poses an interesting "what if" about the real fates of Edward and Richard. By the book's end, Jonah still doesn't know who he really is, and readers will be just as anxious as he is to find out. The next installment can't come quickly enough. —Necia Blundy, Marlborough Public Library, MA

Margaret Peterson Haddix is the author of many critically and popularly acclaimed YA and middle grade novels, including the Children of Exile series, The Missing series, the Under Their Skin series, and the Shadow Children series. A graduate of Miami University (of Ohio), she worked for several years as a reporter for The Indianapolis News. She also taught at the Danville (Illinois) Area Community College. She lives with her family in Columbus, Ohio. Visit her at HaddixBooks.com.

My fourth grade granddaughter loves this series of books. Margaret Haddix is a most engaging author. Her books appeal to both reluctant readers, voracious readers, and those in-between. For this summer's reading, my granddaughter and I will be reading Haddix's Running Out of Time, which has so many opportunities for discussion and broadening her knowledge base about several topics.

Great series for middle schoolers

This book by the name of Sent is AMAZING! The characters are deep, the story makes want to keep on reading it, and the length of the book is just right. But I will have to admit I think the first book just had a better storyline. Overall I would still recommend this book to anybody who is looking for a funny, epic, and joyful experience, I would say to look here. Zach

Great

I used this book for a 6th grade quick novel study. We used the audio of the book for readers who needed support and to vary the reading experience. They identified with the characters and loved

the suspense. Several of the students are now reading their way through the rest of the series. Margaret Peterson Haddix uses the time traveler theme creatively.

I bought this book for my younger sister and she absolutely adores it, even more so because it's the original cover. My sister and I share the disinterest for history since we unfortunately had teachers who didn't make it interesting. However my The Missing Book series is able to perfectly blend the different mysteries that are found in history and fictional entertainment for the reader. Shipping was fast and the condition of the book was satisfactory.

I gave this book four stars because it is very good, however, when reading the first book, i found myself reading this nonstop. This book though, i could put down sometimes very easily. Sometimes i lost interest but then I would get to a real good part. Overall this book was very good, i am definistley going to red the next one

I loved the story theme, could get somewhat confusing at Times but I still enjoyed the book and encourage other teens to read the series.
