Social Conflict: Escalation, Stalemate, And Settlement (3rd Edition)

Synopsis

Useful at both the undergraduate and graduate levels, *Social Conflict* has been the standard-bearer for brief, sophisticated coverage of all the key research on social conflict and its resolution from a psychological perspective. Dealing with interpersonal, intergroup, interorganizational, and international conflict, the new edition is thoroughly updated and offers additional content to address recent findings and world events. This text is a part of the McGraw-Hill Series in Social Psychology.

Customer Reviews

Dean G. Pruitt is SUNY Distinguished Professor Emeritus in the Department of Psychology at the University at Buffalo: State University of New York and Visiting Scholar at the Institute for Conflict Analysis and Resolution at George Mason University. He received his Ph.D. in psychology from Yale University and did postdoctoral work in psychology at the University of Michigan and in international relations at Northwestern University. His specialties are social conflict, negotiation, and mediation. He is a fellow of the American Psychological Association and the American Psychological Society and has received the Harold D. Lasswell Award for Distinguished Scientific Contribution to Political Psychology from the International Society of Political Psychology and the Lifetime Achievement Award from the International Association for Conflict Management. Sung Hee Kim is Associate Professor of Psychology at the University of Kentucky. She received her Ph.D. from Tufts University and is a recipient of a Peace Scholar Fellowship from the United States Institute of Peace. She publishes articles on conflict, attribution processes, and vengeful emotions.

This book has some very interesting topics within its pages. I rented this book for college and could have been more pleased with the speed of shipping and the ease of returning the book back.

Studying conflict resolution can be a challenge but very fulfilling. I believe this book is great in certain aspects, uses real life situations to understand the idea better but repeats a lot throughout the book. I also found this book a heavy read, compared to my contemporary conflict resolution book and other books. Its still a good book

As Promised, thank you!

not bad

Great book for conflict studies

Great book. fast shipping.

For phds... That's when I had to use this book... in my doctoral studies... Honestly I only read what it took to pass my course... This certainly is not bedtime reading so be loaded on coffee to conceptualize... Not saying it's tough to read, it's just DRY! I guess however, it served the purpose well so I give it 4 stars.

Bought this book for a graduate class. So expensive for such a small book. As I am at the beginning of the course I can not give a RAVE review, but just flipping through the book it had some really interesting information.
