Great tool for D&D with all your information right there. Covers your needs from player prying eyes and wide enough to withstand the sprawl of your maps. If you DM then get the screens, cause it's worth it and it gives the easily distracted player some eye candy from the nice printed dragon on the other side.

Absolutely the best and one of the most helpful components. The quality is top notch, the artwork is beautiful, and the info on the inner flaps is so much better than pulling out books for reference. I have paper-clipped additional helpful tables and stats to mine, and I cant imagine playing without

this.

I'm a brand new DM and this is my first screen, it's sturdy and has several charts that do help however it dose have a lot of information that is unnecessary during game play I.E. how to create and set up a character but overall it fits its purpose.

Good info on the inside and a great reference for DMing.

Great product, comes with all the quick reference tables I need during my campaigns

Pretty big screen for the DM. Other wise it had good information on the inside

This is very helpful for our DND games

Great item and fast delivery!
