Sold Into Extinction: The Global Trade In Endangered Species: The Global Trade In Endangered Species (Global Crime And Justice)

Synopsis

This revealing and compelling title analyzes the illegal trade in endangered species from a criminological viewpoint and presents specific crime reduction techniques that could help save thousands of species from extinction. Illustrations, maps, and charts elucidate crime theory, import/export data on seizures of endangered species and products, and range states. Photographs depict the grim reality of the global trade in endangered species. An extensive bibliography contains over 30 pages of source materials.

Customer Reviews

Fantastic read! I highly recommend this book. A very informative account on the little-known world of poaching, illegal species trade, and animal-product black market.
