Hot! Hot! Hot!

Great characters great journey...

I voluntarily reviewed an Advance Reader Copy of this book. Stella has led a pretty full life so far working for the police and the FBI. She now works for a security company as a bodyguard. She is still hooked on her ex, Joseph, even though he moved on with another girl. A new girl gets hired. She's an ex-service person. Now she is going to work security. Stella is in a world of her own. She knows she has what it takes to make heads turn, whether they are male or female. Stella and Jade get partnered. They go out on a job and trucks acts up as it does several times after also. Stuff happens to both Stella and Jade. Jade has a crush on Stella but doesn't think much of it until one evening when they get down and dirty. Jade wants a relationship, Stella not so much. But it is undeniable that they have something between the two of them. They get involved in a case which they aren't sure of. Lots happen. And the truth finally come out, on the case and also where Jade and Stella stand with each other. There is action and suspense, also some loving. All in all it was an excellent story to read. The ending is also good. Enjoyable book to read.

We have a murder mystery of sorts as well as a lesbian and bisexual woman in love. I enjoyed the read except for the poor grammar. I understand that self published authors often cannot afford to hire editors, but I think that people who write for a living should know the basics of their craft.

I am reviewing an advanced copy of this book voluntarily. Stella had worked for the police, FBI, and is now working for a personal security firm. She lost her virginity to a girl. She thinks she prefers men but really isn't very selective. She had worked with and taken a bullet for her ex boyfriend Joe. He comes in very handy for police info when she needs it and he owes her. Jade left the air force and was hired to be her partner. Together they have quite an attraction for each other. Jade is most definitely only into women. Their cases are very exciting with kidnapping, murder, shoot outs and breaking and entering. Then there is the girls hot relationship too. There is so much excitement with their cases going wrong that the book is hard to put down. Very enjoyable.

This story might have been about Stella and Jade. Stella is an ex cop /Fri agent who is now working as a bodyguard. Jade is former military also working as a body guard. When their boss teams them together spark fly. Their have been a couple of hi profile kidnapping in the area and Stella and Jade

are being super careful. They are out with their client and there is an attempt to kidnap but Jade shoots him. Well they are in Portland guess who else is in Portland Joseph Stella's ex fiancé/partner. He is who Stella calls. When the girls are assigned to a sort of high profile case things go from bad to worse. First there seems to be a problem with the vehicle that they drive it tends not to start and the boss doesn't want to fix it. Second as things heat up for Stella and Jade, Joseph starts dropping in at Stella's. The story is good I found it to be a little long. Knowing Stella and Joseph background I wish I could fast forward. It's fun watching Stella try to balance everything that is going on. How she tries to walk the I like guys but I'll play with girls too line. She has a tough as nails exterior but soft and sweet on the inside. Jade has toughness that is different but she will defend her partner even when she should not be anywhere near what's going down. I voluntarily agreed to read this book I would give this book 4/5 stars not because it's bad but because I believe the back story weighs it down. Yes I would recommend either buying or borrowing this book. The authors do a good job, just made it a little too long. But enjoy

I voluntarily reviewed an Advance Reader Copy of this book. Loved this book! Thrills, murder, mystery, intrigue, suspense, and passion continue to keep you glued to the pages of this fascinating romantic suspense by Cynthia Dane and Hildred Billings. This was a great suspense story that is full of emotional angst, scorching love scenes, and a compelling storyline. I loved how the romantic relationship builds between the two protagonists. A poignant story about two women partners who are assigned a high profile case, but they need to overcome their indifferent attraction to solve the case. Jade Emerson now works for a private security services as a bodyguard, and when her boss informed her that she will be working with a new female partner on special assignment, she is paired with Stella Moore, former FBI agent. What happens when Jade wants to pursue a relationship with Stella? One problem is Stella is an ex-fiancé/partner, Joseph, who she still cares about; but the chemistry between Jade and Stella is undeniable and it becomes sultry. There are several twists and turns within the story that makes it interesting. The scenes are well written, fast-paced and flow smoothly from one scene to the next. This story will pique your interest and draw you in from the beginning to the very end.

This was a really fun read. Two very strong women who were attracted to each other but not knowing exactly how to handle that situation. Stella was such a kicka** but still very much a lady. Jade knew exactly who she wanted and was very determined. First she had to make sure Stella realized a woman is who she really wanted. There was drama, sex and humor in this book. If you

are looking for any of those things then this is for you. I especially liked the bookstore conversation between the 2 ladies when the actual authors were being discussed. That was just great! To the writers-----you did a bang up job with this book. Thank you for a delightful journey!
