The classic Harmony of the Gospels. For college and seminary students, Sunday school teachers, and all students of the Bible.

Dr Robertson's Harmony of the Gospels is very well organized, and makes it possible at a quick glance to see all 4 gospels harmonized together. This copy was for a friend - have used my copy since late 1970's.

Brand new...in perfect condition! Fast shipping too. A must-have in understanding the full context of the gospels of Matthew, Mark, Luke and John.

My paperback version of Harmony of the Gospels totally fell apart and I needed a replacement. This is just right and actually better than what I had. Thanks!

A book I needed to read to straighten out my understanding of the Gospels.

The book was in great condition, and we were very pleased, with the whole process. Thanks!

excellent

Good book to have to see the places where the gospels have the same incidents of the history and New Testament books. Good source to have and it saves a lot of time finding and collating teachings from all the gospels.

Good Read. Thoughtful but written some time ago
