Customer Reviews

"Henderson seeks to provide a comprehensive and accessible introduction to the field of international law. Addressing its interrelationship with world politics, the text also features chapters on topics such as making the world safer, human rights, the environment and the world economy." (Times Higher Education, November 2010)

Ã¢ "This is likely to be the first volume I reach for on my international law bookshelf. It is comprehensive in its coverage, balanced in its treatment of controversial legal issues, and unencumbered by jargon and obscure legal references. I especially appreciate its attention to the intermingling of international law and politics.Ã¢ Â•Ã¢ "•David Kinsella, Portland State University Ã¢ "Engaging and accessible, it capitalizes on the new direction and culture of international law scholarship. HendersonÃ¢ "â„¢s focus on humanity and human rights infuses

the material with relevance and urgency and pushes the book toward the frontiers of new law. • Thomas Smith, University of South Florida

If you have to take Intl. Law, then pick this book up. I found that it is a very easy read, with real world examples in every section. As a political science student, I am constantly reading lengthy articles from obscure journals, but this book is a fresh change of pace.

This book has the basics and I'm loving it so far for my political science class. It's a lot easier to follow than my professor's tangent ramblings.

Good text, easily understood, price is a bit expensive for an online text book, wish it were cheaper for me
