Real Mermaids Don't Need High Heels

Synopsis

Just Your Average Teenage Mer-Girl The only thing that terrifies Jade more than the ocean is dancing at the Fall Formal. Because Jade has two left feet--er, flippers. Who knew being a high school freshman is even more awkward than being a plus-size aqua-phobic mer-girl? At least her only drama is of the human variety... Or not. The Mermish Council has just declared that all land-dwelling mers must return to the ocean. Pronto. But there's no way Jade is going to let her mom, or Luke, her...boyfriend? mer-guy-friend?, disappear into the deep, dark ocean. Again. After all, a girl's got to have a date to her first dance. If Jade can stop mer-mageddon, finding a plus-size dress that doesn't look like a shower curtain should be a piece of cake. Praise for Real Mermaids Don't Wear Toe Rings "Bravo to HÃ©lÃ©ne Boudreau for hitting the bull's-eye with a fresh, affectionate, watery twist on a classic, coming-of-age story."--New York Journal of Books "The author keeps the suspense high...while tapping straight into young teens' angst about friends, enemies, and boys."--Kirkus Reviews

Nature & the Natural World

Customer Reviews

These books are very quick reading for the average adult, because they are geared more for junior high/early high school aged readers. They are very reminiscent of Beverly Cleary in that the characters are very easily relatable, even with being 1/2 mermaid. The adolescent issues are very real. I found the entire series to be sweet and poignant while having some surprises and twists and turns along the way. I'd highly recommend them to anyone who loves mermaids and wants a bit of fun summer reading.

I really like this book it is awesome. I like all the drama. And how funny it is. But it's not for kids to much. I like to think that mermaids are real. It's a real good series and if you are bored just pick up this book. If you start reading this book you can't stop at all at night I have to force my self to stop reading

I loved this book! It seems awesome for ten year olds and up. I am ten and i understood EVERYTHING. I really recommend everyone to read this book. This book is the second book from Real Mermaids Don't Wear Toe Rings. Join the adventures of Luke, Cori, Jade, and her underwater mermaid friends!! Thank you Helene Boudreau.

A Fun conclusion. All the ends tied up, all questions answered, with room to go off on a tangent in so many different directions. Well done.

I really enjoyed the book and it had a good plot. It moved quickly and I loved the storyline. This book is really good and I suggest it for all readers looking for a book with mermaids!

I loved this book it had a good wrap in the end of it. I would recommend this book to anyone who like suspense, fictional characters, and sort of a romance kinda book. I gave this book a 4/5 star rating only because for me it was a little confusing. Anyway overall it was an amazing series.

My daughter loved this book would buy from this seller again!

I think who ever doesn't like this book is crazy! I was reading it in the car on a nine-hour car ride and I didn't stop reading it until I got to the place I was going. it's awesome!!!!!!!!!!!!!! :) :) :) :) :) :)
