Diary Of A Minecraft Wimpy Zombie Book 1: First Day Of Middle School (An Unofficial Minecraft Book) (Volume 1)

Synopsis

It's a world where the zombies hate humans, until the tables are turned...Z is a zombie who has never really fit in with the monster crowd. Although he has fun with his friends, he wonders if there is more to the world than what he has always been told. He may not be the most popular zombie in school, but Z is about to be the big man on campus. When he gets a gig at the school newspaper, his stories portraying humans as likable start to get attention. The only problem is, not all of that attention is good. After hearing a mysterious warning from his brother R, Z is taken aback when he runs into trouble at school with some of the older kids who don't like his writing. But the real surprise comes when Z actually meets a real life human. Are humans really that bad? Find out when you read "First Day of Middle School" Delightfully entertaining and laugh out loud funny, this book will be sure to capture any child's attention, even those who don't like to read. Average Customer Review: 4.7 out of 5 stars 94 customer reviews

Best Sellers Rank: #298,167 in Books (See Top 100 in Books) #121 in Books > Children's Books > Activities, Crafts & Games > Games > Video & Electronic #175 in Books > Children's Books > Computers & Technology > Entertainment & Games #369 in Books > Children's Books > Growing Up & Facts of Life > Friendship, Social Skills & School Life > Bullies

Customer Reviews

"Diary of a Minecraft Wimpy Zombie, is an entertaining and imaginative take on the middle school diary genre. Do zombies really eat human brains? Z assures the reader, that while they do eat brains, they're not human but animal brains, like some people eat animal meat. He's

not even crazy about the taste of brains except for chicken brains, which taste, predictably, like chicken. Steve's story, which is Minecraft fan fiction, takes the reader into the world of zombies while it encourages him/her to try their own hand at writing in a diary or journal, or even creating a series of exciting tales about heroes and villains. While not normally a big fan of zombie fiction, I was soon able to forget about that fact and got totally involved in Z's well-written story. Diary of a Minecraft Wimpy Zombie is recommended for zombie lovers, Minecraft fans, middle school kids, and the young at heart." - Readers' Favorite Review "This was more than just good entertainment for kids, this was the spark needed for my son to finally consider expanding his horizons beyond just an Xbox controller." - Reader from The Dad Network

He's tall, green, and out to scare! When he isn't out scaring villagers and the occasional miner, he writes about his adventures in his diary. Deep down inside, it bothers him that he's so scary. In his adventures, he gets a chance to show the world that there is more to him than just being a zombie. Find Out How Steve Became a Zombie @ www.TheMCSteve.com

This is a cute story for Minecraft fans. Written in diary form, our wimpy zombie (appropriately named 'Z') tells all about his daily life and the funny stuff he goes through as a zombie teenager. There are little color pictures scattered throughout that my son thought were really funny (he's 8). There was nothing overly scary or gross in the story for kids, and the storyline was basically about the life of a teenage zombie. We get to meet his friends and his older brother ('R!'). He's a likable character and he even writes his own funny story about a human named Todd. There are so many Minecraft fiction books out there by independent authors, and they're not all good. But this one is well-written and edited well (some of the independent books out there are riddled with typos and are fairly unpolished). The diary form and short chapters make it easy to read (especially for reluctant readers) or a fun read aloud. If you like Minecraft fiction, definitely give this one a shot! It was a hit with my son for sure. I should also add that I received a free copy of this book in exchange for a fair review but it in no way influenced my opinion.

This is an excellent book written to combine two very popular worlds for kids right now. My 9 year old son is just a bit obsessed with Minecraft, but also a huge fan of the 'Wimpy Kid' books. Reading this story was a great way for him to connect with a character of a similar age, who comes from a familiar world of Minecraft. MC Steve created an intriguing story line about a Minecraft zombie, and what life is like for them, living in the overworld. With a combination of humor, friendship, older

siblings, some challenges, and a bit of cleverness, we learn what life is like for the main character of the story. I was personally impressed with the authentic graphics added throughout the book that give a glimpse of what the characters look like as they experience different events. This is definitely a must read for kids about age 6-12 and it's a great chapter book for independent readers. We're looking forward to the next book in line. I received this book in exchange for an honest review. All words above are entirely my own opinion and not influenced in any way.

I got this one for my (nearly) 10 year old and he was hooked from page 1 and finished it off in one night (he doesn't go to sleep early). As soon as he finished it he asked for book 2 (and is currently tucked in his bed reading the second book now). I asked for his feedback and the following review is in his words: "I give the book 4.5 stars. I like that it was a diary. I felt like Z was talking to me. I liked that the humans talked to the zombies, normally humans are scared of zombies. I liked that Steve saved Z. I can't say any more it was too good".

I like this book, and so did my 10 year old. It reminded me of the self-doubt, self-conscious angst that all pre-adolescents and tweens go through. The book was funny, and my son could identify with it as well. Even though it was about a 7th grade zombie, he was endowed with the same feelings and troubles all kids that age go through. We did not want it to end, we wanted to know what happens next. Does he win the writing contest? Does his brother stop being such a bully? Does his parents finally accept his human friend Steve? Guess we have to wait for the next one to find out. I received a free copy of book in exchange for honest opinion. Well worth the time spent reading. I posted this review on Goodreads as well.

Our eight year old really enjoyed this book. Even just the title was intriguing for him! He loves Minecraft and also loves the Diary of a Wimpy Kid series of books. He was excited to see a mix of two worlds! The reading level was good for him going into third grade. Our older child going into sixth grade sped through the book so it was very easy for him being eleven. He liked it too but the eight year old adored it! I received this at a discount in exchange for our honest, unbiased review.

This small book had a lot of charm to it, that made me smile. What if Zombies in Minecraft weren't bad and what if they could friend humans. Z and Steve will make the best of friends in the future I know it and that prank made in laugh. This book is a lot like Diary of a wimpy kid but I totally love it anyways since I'm a fan of Minecraft and played it for years and watched a bunch of youtubers play

it over the years. So yup... good book, good job! Now off to read the story about Alex next! See ya!

I thought this was a very well thought out plot and clever story with a great message. I thoroughly appreciated the humor and twist on the game, mine craft. The graphics were entertaining and fun. The text was reader friendly and I could see myself using this with my students in middle school setting. It would be a great way to facilitate learning in a fun way.

This is a great book. We recommend it for kids in 5th to 7th grades (my son in that age group recommends it), but it is great for younger and older too. I liked reading it. This is a fun story for a family to read together too. If you enjoy Minecraft you will enjoy this book. Even if you aren't into Minecraft this is a fun read. I love the way it is set up for easy reading.
