## Customer Reviews

Soooo good!!! Serena really proved herself in this one!!! The Oracles are getting more and more amazing! I can't believe all the ways this book has moved forward. I don't want to ruin anything with too many details, but you neeed to read this, and all of the Shade books!!! A-ma-zing!!!!

This book was good- the only thing that I get annoyed with is the attitude that is given by Serena- Understand the importance of what surrounds the other characters but she had no reason to be this way- she has not done anything to give her this attitude. The other characters are enjoyable and wish there was more focus on them. Great story so far

Amazing Series! I can't wait until the next book!! They just keep getting better and better!! Please write faster!! If you are new to this series you will fall in love with them. Only books I have ever left

reviews on

Great book Can't wait for the next one to come out Serena n her group is faced with danger . Great love building between her n the druid. Hansa lost everyone and the adventure continues

If one had started the series with book 1, the story is easy to follow as it comes down through several generations and cross breeding of mystical beings. It is entertaining but starting to get a bit repetitious in the storyline. However, I am hooked. Ms. Forrest's stories are always open ended so you want to go on to the next installment. Her plot lines are carefully thought out and imaginative. I do like them.

Evil is rampant...so much sadness. An epic journey filled with uncertainty but there is hope...One day at a time building strength and alliances to defeat the enemy.

Just keeps getting better and better. bella is truly magical. How she keeps continuing to write these amazing books. This book was so amazing. Cant wait for the next one. This story line is absolutely fantastic. Nailbiting. Jawdropping. magical.

This series is awesome! Many times i get burned out on a series after so many books because they can not keep my attention. I have no worries with this series. Bella Forrest is still going strong! Wonderful writer, absolutely worth the read!! I recommend starting from the first but you will have no problems following the story line with which ever book you start with.
