Customer Reviews

The enticing pictures and concise descriptions in Clued In Miami make me feel like slipping into my bikini and ordering a Cubre Libre. Next time I need to escape the Polar Vortex I'm using this book to guide my Miami get away. SoBe here I come and as they say in Miami "Let's have a Getty."

Easy & consistent format (hallelujah), consistent info, clear & direct without extra chatter or overkill on info. Info on particular restaurants saved us a couple of times, esp with using a downloaded version to find something right nearby to us. Same for parking info. Helpfully, all the info logically organized and in one place. Inherent bias for age/entertainment/alternate was clear and helpful to take into account (for someone older than their target audience)--counts as personality, which was a nice change of pace from the usual neutral-bias guidebooks. Overall, a very helpful book. Loved the style, loved ease of use (esp downloadable version), loved the pics. Only wish it were for more than just South Beach area--I was downtown instead, and farther afield.

Amazing!! Went to Miami with my BF and thanks to this book I knew all the great places to go and eat. Our main objective on the trip was to Jetski and we did and had the greatest time due to a company this book recommended. Using this again for when I go back (couldn't do it all in one trip)
