## Customer Reviews

Thing does not work as advertised. I have two of them and none of them stay connected. Watching

a great movie and ZAP--lost connection. I do not believe this product is ready for prime time. I have had tech support go into the device remotely and still no fix. Thing is very frustrating to use! Loaded KODI on devices and no better performance. Thing is a joke.

nothing great here its already on the internet

Can you give less than 1 star? Whoever/whatever translated this book into English should be fired.

I paid to get a sale brochure. Fire Stick works great but this "book" is a joke. I do not recommend it.

I was not that impressed with this information. I actually got on Utube and was able to figure this out better.

Other necessary to enjoy the Fire Stick but helpful.

Boooooooooooooo waste of money

A lot of information !
