# They Can't Kill Us All: The Story Of The Struggle For Black Lives

## Synopsis

LA Times winner for The Christopher Isherwood Prize for Autobiographical Prose  
A New York Times bestseller  
A New York Times Editors' Choice  
A Bustle "17 Books About Race Every White Person Should Read"  
"Essential reading."--Junot Diaz  
"Electric...so well reported, so plainly told and so evidently the work of a man who has not grown a callus on his heart."--Dwight Garner, New York Times  
"A Top Ten Book of 2016"  
"I'd recommend everyone to read this book because it's not just statistics, it's not just the information, but it's the connective tissue that shows the human story behind it." -- Trevor Noah, The Daily Show  
A deeply reported book that brings alive the quest for justice in the deaths of Michael Brown, Tamir Rice, and Freddie Gray, offering both unparalleled insight into the reality of police violence in America and an intimate, moving portrait of those working to end it  
Conducting hundreds of interviews during the course of over one year reporting on the ground, Washington Post writer Wesley Lowery traveled from Ferguson, Missouri, to Cleveland, Ohio; Charleston, South Carolina; and Baltimore, Maryland; and then back to Ferguson to uncover life inside the most heavily policed, if otherwise neglected, corners of America today.  
In an effort to grasp the magnitude of the repose to Michael Brown's death and understand the scale of the problem police violence represents, Lowery speaks to Brown's family and the families of other victims other victims' families as well as local activists. By posing the question, "What does the loss of any one life mean to the rest of the nation?" Lowery examines the cumulative effect of decades of racially biased policing in segregated neighborhoods with failing schools, crumbling infrastructure and too few jobs.  
Studded with moments of joy, and tragedy, *They Can't Kill Us All* offers a historically informed look at the standoff between the police and those they are sworn to protect, showing that civil unrest is just one tool of resistance in the broader struggle for justice. As Lowery brings vividly to life, the protests against police killings are also about the black community's long history on the receiving end of perceived and actual acts of injustice and discrimination. *They Can't Kill Us All* grapples with a persistent if also largely unexamined aspect of the otherwise transformative presidency of Barack Obama: the failure to deliver tangible security and opportunity to those Americans most in need of both.

## Customer Reviews

"Lowery's book is electric, because it is so well reported, so plainly told and so evidently the work of a man who has not grown a callus on his heart.... Lowery's book is valuable for many reasons. He circles slowly and warily around the question of why, during Obama's presidency, so little has happened to improve on the racial front."--Dwight Garner, New York Times  
"Lowery's dispatches

from the front lines of this new era in racial justice movement building have proven indispensable, and with *They Can't Kill Us All*, he further shows just how vital his reporting has become. Part early history of a still growing movement, as well as part critique of the media charged with covering this movement, Lowery also offers a peek into the process of reporting--the structural challenges, unfortunate failures, and personal successes in accurately capturing the politics and personalities involved in the biggest domestic story of the Obama presidency. *They Can't Kill Us All* proves itself a necessary read for anyone in need of greater understanding of why and how a new generation of young black activists have taken to the streets to demand justice from their country. —Mychal Denzel Smith, New York Times bestselling author of *Invisible Man*, *Got the Whole World Watching* "Riveting.... A timely, significant book." —Kirkus, Starred Review
