Customer Reviews

Did not use it as much as I thought I would. Can get similar information without having to buy the ebook.

Great overview of each city. Would have liked more suggestions of places to visit while in towns. Also, I was looking for directions and maps.

Great basic intro to Switzerland's main cities and regions. If you want a lot of historical data, indepth info about every single city in Switzerland, then look for something else, but I liked the simplicity and synoptic style of this book.

Very brief and good for at a glance as to what might be interesting, and what to read more about in other guide books

Not as helpful as hoped.

great short guide to the best places in Switzerland

Nice summary of places to visit, including a photo of each place.

wonderful book
