Customer Reviews

I can't say enough about this book. You have a great listing with clear concise explanations. And a nice breakdown of the grading process.

I really love this book!Tons of information and photos!Nice low price! Just a bit dated for pricing, but great for basic info.

Needs more pictures, especially the Morgan Dollar. Left it out completely which is absurd, considering it is probably the most widely collected U.S coin. Still, it is very usefull when used in conjunction with another book, like the 2006 Black Book. It is also a 2004 Edition, so the prices are not up to speed, hence using two books.
