This is one of the best SPAM cookbooks I've ever seen. Lots of beautiful pictures, suggestions on how to use SPAM. Honestly, I am not a huge SPAM fan, but my husband and Mom are. So I am trying. The cookbook has a spiral back and flaps that you can use to save your place in the cookbook. There are some silly "helpful" cooking hints along the way, but that doesn't detract from the recipes and beautiful pictures!

Recipes are pretty simple....you could think up most of them on your own.

some exotic recipes.

I purchased this book for my husband's 40th anniversary present. He is going to love it. We lived in the islands for 6 years and fell in love with spam again after having it alot in our childhood. The book is really well written and the recipes easy. Thank you for such a great boook.

I bought the cookbook in Hawaii when we visited there for our 25th anniversary. It was fun to see all the kinds of Spam available in the islands and the cookbooks that highlight Spam. I loaned it out and couldn't remember to whom. So I replaced it with this one. I enjoy it and there are several dishes we enjoy eating.

Gave this as a gift to my newly independent 20 yo son as he thinks Spam is part of the basic food groups here in Hawaii. He has made a bunch of recipes and they have turned out well I've heard (I haven't jumped on the Spam-wagon yet....) so if my son, whom I wouldn't trust using a toaster alone in my house, can make these recipes then anyone can...

I grew up eating spam and love it. I lived in Hawaii for over ten years and guarantee that spam is way more popular on the islands than it is here on the main land.If you love spam, and also love Asian foods, this book is for you.Great color photos, spiral bound for easy use and great recipes for the spam lover.

Gave to a friend moving to Hawaii. They loved it, the photos and recipes!
