Customer Reviews

The book arrived in excellent condition. The description says Soprano Alto, however, if you look at the photo SOPRANO is underlined!! It's not written for Alto, though I imagine I may be able to use it; It is for the Soprano recorder. I'm waiting for Vol. 1, which I see is also for Soprano now that I've already ordered it as well. Disappointed in not realizing it before buying it, but perhaps I'll find someone who can use it if I can't. It surely won't be in Marketplace, where I'd be forced to become a "member" at \$39 a month. Craig's List maybe.

One of the best technique books around. Love it.

I'm using this method now and find it useful, practical and enjoyable.

I learned recorder with this method book back in 1980, and it's still the best all around method book for learning recorder.

Hitting the lowest notes on this instrument, is a challenge if you do not have long fingers or large hands.,
