NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of MyLab & Mastering programs exist for each title, and registrations are not transferable. To register for and use MyLab & Mastering, you will also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson: If purchasing or renting from companies other than Pearson, the access codes for MyLab may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. Real teachers, real families and students, and real classrooms bring the field of Special Education to life. Special Education: Contemporary Perspectives for School Professionals, Fifth Edition, provides a multi-dimensional view of the field of special education. The most current information and research available provides structure and predictability for novices to the field of special education in today’s educational world. Because special education is made up of real children and real professionals, the author helps to put a face on the field to enliven and authenticate the information. Each chapter features stories of individuals with disabilities from the parents of children with disabilities and from professionals who work in the field. Readers of this truly exceptional text will come away with the best understanding of the expectations for educators and students, and learn how critical concepts translate into educational practices. Personalize learning with MyLab Education. MyLab Education is an online homework, tutorial, and assessment program designed to work with the text to engage students and improve results. Within its structured environment, students see key concepts demonstrated through video clips, practice what they learn, test their understanding, and receive feedback to guide their learning and ensure they master key learning outcomes.

Real teachers, real families and students, and real classrooms bring the field of Special Education to life. Special Education: Contemporary Perspectives for School Professionals, Fifth Edition, provides a multi-dimensional view of the field of special education. The most current information and research available provides structure and predictability for novices to the field of special education in today’s educational world. Because special education is made up of real children and real professionals, the author helps to put a “face” on the field to enliven and authenticate the information. Each chapter features stories of individuals with disabilities from the parents of children with disabilities and from professionals who work in the field. Readers of this truly exceptional text will come away with the best understanding of the expectations for educators and students, and learn how critical concepts translate into educational practices. Personalize learning with MyLab Education MyLab Education is an online homework, tutorial, and assessment program designed to work with the text to engage students and improve results. Within its structured environment, students see key concepts demonstrated through video clips, practice what they learn, test their understanding, and receive feedback to guide their learning and ensure they master key learning outcomes.

Marilyn Friend, Ph.D., has spent her career as a general education teacher, special education teacher, researcher, professor, administrator, teacher educator, and staff developer. She is Professor Emerita of Education in the Department of Specialized Education Services at The University of North Carolina at Greensboro, and she is Past President of the Council for Exceptional Children (CEC), the largest international professional organization dedicated to improving the educational success of children and youth with disabilities and/or gifts and talents. Dr. Friend has
consulted with school professionals nationally and internationally (more than 3000 presentations and projects in the United States, Canada, Europe, the Middle East, and Asia) as they collaborate to educate their students, assisting them to create classroom partnerships through co-teaching, to form productive and efficient work teams, and to foster inclusive practices. She is the author or co-author of three widely used college textbooks on special education; a variety of co-teaching materials for teachers and administrators; more than 50 articles about collaboration, inclusive practices, and co-teaching; and a highly popular video series on co-teaching and other inclusive practices. Most recently, her work was recognized when she was named the 2016 recipient of the Teacher Education Division/Pearson Excellence in Special Education Teacher Education Award.
