Customer Reviews

We purchased this book for our visit to Trento, Lago di Garda , Lago Di Iseo, the lakes of the South Tyrol and Dolomites. It was hopeless! It is really aimed at Como and Maggiore and should say so. It also had minimal information. The Michelin Italy guide was far far more useful.

I was looking for specifics things to explore in Salo, a popular area of Lake Garda, but could not locate any references by city. The way the information is laid out is not user friendly. You won't find a restaurant review for where you are staying, for instance, around Lake Garda.

Too many locations are covered too superficially. Wanted maps and more information on Bellagio or Varena . Had to buy another guide book. Disappointed!
