## Customer Reviews

This is a good map of San Antonio and helpful to someone like me who collects maps to plan my trips on paper before I set out .

perfect

Excellent map. It contains all the information that can be found at Google maps and has an adequate size.

It's handy to have over your visor when trying to motor in the older areas.

I love maps and this one really came in handy

Excellent.

Ah, paper maps. Am I old fashioned or what. Get an overview of area, what's nearby, what's not. Better than Mapquest or GoogleMaps for me.

Was as advertised.
