## Customer Reviews

Stan and Jan Berenstain were already successful cartoonists for magazines and adult humor books when they began writing children's books. The first story starring the bear family, *The Big Honey Hunt*, appeared in 1962. Since then, more than 370 Berenstain Bears books have been published, and more than 300 million copies have been sold. What began as an idea sparked by their young sons' love of reading has become over the years arguably the best-selling children's book series ever. Since their inception, the Berenstain Bears stories have expanded to include picture books, beginning readers, and chapter books--even a hit TV show on PBS. Writing and illustrating the books has become a Berenstain family affair. Mike joined with his parents as a creative team in the late 1980s. The Bear family has expanded over the years as well. Sister Bear arrived in 1974, and baby Honey joined the family in 2000. Though Stan died in 2005 and Jan in 2012, Mike continues to create the delightful Berenstain Bear adventures from his studio in

I was excited to purchase this for my son, who is going into 1st grade who is now in t ball for the second year. He loves the BB books and this one was special because he loves T-Ball! The only reason I did not rate a 5 was because the book did have a small tear in the cover and there didn't appear to be any rips or creases in the envelope it was shipped in. I figure it is not that big of an issue due to it's bound to end up roughed up in his little library anyway and it was not that large.

Our little three year old grandson has a Mom that is crazy about baseball. So I don't know who was more excited about getting this book -- Mom or grandson.

Daughter in law said it use to be her davorite book when a kid well the Berenstsin Bear Books!!she was happy! He's three and gave him a tee ball stand from and went to dollar store got bat, balls and basis for 3 dollars! Perfect!!

This was for my 6-year-old granddaughter, given the morning of her first T-Ball game. She read through the entire book including the added information in the back. We were in Walmart at the time and when she finished she ran over to me, "Grandma, Grandma, look I ate oatmeal for breakfast and I didn't even know I was supposed to." Thanks to Jan and Stan for their great teaching stories.

Adding to my granddaughter's KINDLE library. We read before bed. I catch her pretending to read stories rather than games or ytube.

My Grandson really liked the book. I bought him a little T-Ball for his birthday and they went together well.

Gotta love your Berenstain Bears. Bought this at start of baseball season for the kids. They like the book and reminds of when I was a kid.

This is exactly what T-ball is like. I bought this for my 5 year old when he started T-ball himself. Its funny and we love it!
