Who Was Gandhi?

Synopsis

Mohandas Karamchand Gandhi was born in 1869 in British-occupied India. Though he studied law in London and spent his early adulthood in South Africa, he remained devoted to his homeland and spent the later part of his life working to make India an independent nation. Calling for non-violent civil disobedience, Gandhi led India to independence and inspired movements for civil rights around the world. Gandhi is recognized internationally as a symbol of hope, peace, and freedom.

Customer Reviews

Dana Meachen Rau has written more than 300 books for children, including picture books, early readers, nonfiction, and biographies.

Great addition to my collection

My son was Gandhi this year for his class "was museum" project. This book is written so well and easy for a child to understand.

Kid read it in a day..she's 7 years old.. At first, I thought it was going to take her a lot longer, but she

was able to read it from start to finish and seemed to enjoy it. i just wish the kindle edition wasn't so expensive..

Daughter loves the book, nice addition to the "Who Was" series

Me and my kids love the "Who Was" and "Who Is" and "What Was" Collection. It's a great way for kids to learn about influential people like from our past and present in a fun way. Working towards getting the entire set, already have 38. Who ever thought of this idea and wrote these is simply Brilliant!!

These series are wonderful for my 9year old son. He finds them interesting and learns so much about the subject. They are a quick read but hold his attention and he can't wait to start another. Highly recommend.

Good book

I buy books from this series for my grandson. I love that he enjoys reading about "real" people. They are well illustrated and written well. As I have found most lower elementary levels lack sorrowfully in their biography sections, I have been delighted with this series.
