Customer Reviews

This fills a hole in my heart that's been there ever since the TV show went away. Thank you Dr Katz.

So glad Audible and the Dr. Katz series have partnered to bring the series back to life.

This series picks up right where it left off. If you're a fan of the show, you'll really enjoy this. This first episode I think seemed a bit awkward in the first few minutes, maybe because Laura seemed a bit out of character compared to how taciturn she was in the original show, or maybe because it was the first episode in almost 20 years, but it quickly reverts to a more familiar feel of the classic Dr Katz we all love. I also love how this and other episodes are more conversational versus the comedians just doing their act, which I find myself skipping as I rewatch the old series.
