Customer Reviews

This is a must-read book. I found this book very informative and extremely helpful as it pertains to navigating in our economy.

I have been studying all I can about buying and selling with owner or creative financing and this book has cleared up about notes.

Easy read. Clarified many areas I was concerned since I wanted to notes and seller financing.

Excellent report on how the market is changed now you can make money without getting into

trouble.

Good, high level starting point. Useful and great direction. Highly recommended for ideas regarding where to begin with seller/buyer financing.

Outstanding book that is filled with priceless information!

Complete summary of requirements to comply with the law to provide 'seller financing' to clients. A must have reference guide for all investors who provide seller finance option to buyers.

Too bad the authors wasted so much time getting to the meat of the nut. It is mostly an e-book infomercial but worth the read if you are new to the post DFA world.
