The Art Of Making Dances

Synopsis

Written just before the author's death in 1958, this book is an autobiography in art, a gathering of experiences in performance, and a lucid and practical source book on choreography.

Customer Reviews

Doris Humphrey was a dancer and choreographer of the early 20th century who studied and taught dance. She was an original faculty member of both The Bennington School of the Dance and The Julliard School and was the cofounder of the Humphrey-Weidman dance company.

Great item received in the time promised.

I am an actor and this book has tons of great perspective and ideas for stage performances. It's exactly what I was looking for, and gives a great practical look at stage work.

Arrived on time and in pristine quality and does the job for necessary readings for my college course.

essential to any dancer in any genre

Great resource for my dancer

This was a very inspiring book to read. It helps to guide one's inspirations.

perfect as a gift for my students

I like this book for it's drawing examples and it's heart to heart talk. I can almost hear the writer talking directly at me about how to look at dancing in a different way. . .the heart and emotion of the dance not the techinques that are drummed into us from the time we first put our foot down. This book was recommended to me from a person that studies and teaches ballet. I am a bellydance studen myself but found that it was very helpful in getting over my fears of making my owns dances. Highly recommended for all levels and types of dancers.
