Customer Reviews

The Perfect Bastard is the type of book you grab when you want a fast paced, emotion-packed story. Mia and Roan give you a bit of everything that will keep you entertained. After a one night neither can forget, he left her when he realized he was no good for her. Fast forward to a time they come face to face again and the sparks fly all over the place. I loved Roan, he is not the bastard I expected. I see where Mia would feel that way, since he left her, but he is a great businessman and a wonderful father to two teen daughters. He is struggling to keep it together for them with their mother gone. He does have a temper, though, and that is one source of his problems. Mia is feisty and smart and definitely someone I like, although there was one time where she jumped to conclusions without talking first and I didn't like that about her. I loved the idea of having a single father raising teen girls. The dynamic was interesting and I liked the way that was done. I also liked the girls and how they reacted to their mother. It showed their maturity and also the feelings they went through when dealing with the separation. Chandler, now that's one character that I definitely want more of. Mia's brother and Roan's best friend is the eternal bachelor and I would love to see how he fares when faced with a woman who doesn't take to his charms like he is used to. All in all, this book made me laugh, it gave me the feels, and it definitely kept my attention until the very end.

4.5 stars I didn't know what to expect from this book. It's not my normal genre but I loved it. This was the first time I've read a book by Ms. Collins and I wasn't disappointed. Mia had crushed on Roan for years and when an opening came up to intern at Roan and her brother's engineering company she jumped at the chance. Flirting all summer long they finally gave into temptation and slept together. Then Roan split in the middle of the night never contacting her again. Mia was no wilting flower, she went off to college and landed her dream engineering job. But her job transferred her back to Boston and put her directly in the path of Roan again. What's the likelihood of her running in to him again?! When Roan abandon Mia in the middle of the night it was in fear that he was becoming too attached. After his wife walked out on him and their two daughters it left him in a bad place, so instead of leading Mia on he just left. When Mia shows back up in his life he just can't let her go. Then someone shows up from his past to complicate things will Mia give up on him?

Wow!!! Just WOW!!!! I can't believe that It took me this long to read LK Collins, I don't know what is wrong with me! Mis and Roan story was amazing, powerful and very emotional. It took me to real places, real problems, real people dealing with life. Roan had the dream come true, a wife, two daughters. Until his demons won the battle and put him in a delicate situation. Mia never forgot that one night with the sexy man that it was Roan, his passion, his fire and how he worshiped her only for one night. After years, Mia has the opportunity to come back to home and to see Roan again. But he's not ready for her, but ready to admit that he never forgot about that night with the second woman that ever made him feel alive. I wanted more of this book, I become a greedy reader with LK Collins, I want more! I love when an author can make me feel happy, sad and hot in seconds, going through emotions and to read all night and morning! I can't wait to read more of this PERFECT duo.

Loved this beautifully written story of a second chance at love, and a best friends younger sister story! I found the story to be PERFECTION! Roan & Mia had a one night stand. But Roan felt he couldn't put his best friend's little sister in his messed up life, so he walks away. A few years later they are reunited. Roan is conflicted about Mia's return. Yet, he is drawn to her. He walked away from her once, can he do it again? Will he? I adored their chemistry & connection to each other. I could feel their sexual tension radiate off the pages. I found it so easy to lose myself in their journey together. I felt the author did a FABULOUS job of pulling me in and kept me invested in this AMAZING story! I can't wait to read more from LK in the future! 5 FABULOUSLY AMAZING stars! A definite must read! *I voluntarily read a copy from the author. This is my honest review.*

Roan was a fighter. Had it in him, a gut feeling that he didn't think he could ever stop. Well all came to a stop when his wife left him with his two young daughter. Putting Rianna and Maisy as his number one focus. Second went to this job he owned with his best friend Chandler. He had one night that he'll never forget. One of the best nights of his life with Mia, Chandler's little sister. Roan knew he was not good for one another. But now she's moving back home. Will their one night stand push them further apart or is the chemistry so strong it will pull them back together ?

5 SEXY ARROGANT STARS!! This is a fast fun book that you can't put down, it keeps you turning pages. Roan is a sexy arrogant single dad of two girls. Mia is a beautiful woman and Roan's best friend and business partner's sister. These two had a one night stand a while back and still have attraction to one another. This was my first book by L.K. Collins and I loved it. I highly suggest this
